Comments: Sybell Holguín: Better rental fees for international teaching staff who are on temporary Work Visas.

Rhonda Hall: Help homeowners maintain the homes that they own

Holly Richardson: AFFORDABLE housing!! And thinking and planning for gentrification as high speed rail will bring in people to live here because it's cheaper than the greater Boston area.

Marlee Velazquez: Rent control

John Heffelfinger: make housing more affordable in Springfield

Kira Holmes: Thank you to the City of Springfield for everything that you do. In regards to the action plan Springfield Preservation Trust wants to advocate for the continuation of funds toward historic preservation and facade work. Additionally, the Trust hopes a new survey of downtown properties may be completed. The last one was forty years ago and with the programs using Hud and ARPA the survey will need to be updated. Thank you for your consideration.

Justin Torres: Vode blue  for good   God bless you all forever vote
