## **ARTICLE 4 USE REGULATIONS**

### **SECTION 4.0 PURPOSE**

The purpose of Article 4 is to establish regulations, standards, and review procedures for different uses of land in each of the ZONING DISTRICTS established by Article 3.

### **SECTION 4.1 GENERAL PROVISIONS**

#### **Section 4.1.10 Applicability of Use Regulations**

Except as otherwise provided in this Ordinance or by superseding state or federal law, BUILDINGS, STRUCTURES, or land shall be used only for the purposes permitted in the specified districts as provided in this article.

#### **Section 4.1.20 Determination of Use**

The BUILDING COMMISSIONER, with guidance from this ordinance, shall determine whether any specific USE falls within a USE category listed in Table 4-4, Use Table, and if so, which category of USE. The determination of the Commissioner may be appealed to the Board of Appeals as provided in Section 11.2. When different USES occur together on a LOT and/or in the same BUILDING, (for example retail and office and/or residential) the USE which triggers the highest level of review shall determine the level of TIERED REVIEW for the entire application.

#### **Section 4.1.30 Uses Not Listed**

Any use not listed in Table 4-4, Use Table, shall be construed to be prohibited, except that the BUILDING COMMISSIONER may determine that a use not listed in the Use Table may be allowed if the use is substantially similar in character and impact to another use listed as permitted in the zoning district, subject to the same review and approval procedures as the listed USE.

### **SECTION 4.2 TIERED REVIEW LEVELS**

#### **Section 4.2.10 Tiered Review System**

This Ordinance designates some USES as permitted AS OF RIGHT in specified districts, requiring only a BUILDING PERMIT as described in Article 11 and Article 12. Such USES are designated by a “Y” in Table 4-4, Use Table. USES not allowed are shown with an “N” in Table 4-4. For all other USES in Table 4-4, this Ordinance establishes a TIERED REVIEW based on the scale and potential impact of the particular USE. These tiers are outlined in Table 4-1.

## **Section 4.2.20 Determination of Applicable Tiered Review**

### **4.2.21 Tier Specified in Use Table**

If Table 4-4 specifies that a certain USE is subject to a specific tier of review (1, 2 or 3), then that review level applies regardless of the size or impact of the USE.

### **4.2.22 Tier Not Specified in Use Table**

In order to provide review procedures that match the scale of development, Table 4-4 designates many USE categories with a “T” designation. In that case, such USE is subject to SITE PLAN and/or Special Permit approval and the applicable TIERED REVIEW shall be based on the thresholds found in Table 4-2. These thresholds include common impact measurements such as number of DWELLINGS, FLOOR AREA, and BUILDING HEIGHT. It is the threshold that triggers the highest TIERED REVIEW that is the determining factor. In the case of a MIXED-USE BUILDING, or a USE where the threshold in Table 4-2 is not clear, then the TIERED REVIEW level shall be determined by the BUILDING COMMISSIONER, with guidance from this ordinance.

### **4.2.23 Higher Thresholds for Reuse of Existing Structures**

Where an application for a proposed USE designated as “T” in table 4-4 involves the REUSE or expansion of an existing STRUCTURE in which at least three existing exterior walls will remain in place, the applicable tier shall be based on the thresholds in Table 4-2, Thresholds for TIERED REVIEW under the section *Reuse of Existing Structures*. The applicable TIERED REVIEW shall be based on the parameter in Table 4-2 (number of DWELLING UNITS, FLOOR AREA or HEIGHT) that triggers the highest level of TIERED REVIEW. The proposed size of the STRUCTURES as modified (not in their existing condition) shall be used in determining which thresholds apply. In the case of a MIXED-USE BUILDING, or a USE where the threshold in Table 4-2 is not clear, then the level of TIERED REVIEW level shall be determined by the BUILDING COMMISSIONER.

### **4.2.24 Expansion of Uses and Changes of Tenancy and Use**

- A. A change of tenancy in an existing building in which the existing use is continued and no exterior site alterations are made, shall not require any approvals under this ordinance.
- B. A new use occurring within an existing building shall not require any approvals under this ordinance, provided that the new use is not listed on Table 4-4 as requiring a Tier 3 special permit, that the building is not enlarged, and that no exterior site alterations are made.
- C. As used in this section 4.2.24, the term “exterior site alterations” means any development occurring outside of an existing structure, excluding changes in the content of existing signage, the repair, replacement,

upgrading, and maintenance of existing site facilities (such as landscaping, lighting, curb cuts, and parking, and changes to facades and storefronts.

- D. Where an expansion of a building, or the construction of one (1) or more new buildings is proposed on the site of an existing building which is to be retained, such expansion or construction shall be reviewed according to the number of dwelling units or floor area as shown on Table 4-2. In applying Table 4-2, only the dwelling units and floor area being added to the site shall be counted in determining the applicable tier of review. If the building, lot or use is nonconforming, the provisions of Article 10 “Nonconforming Uses, Structures, and Lots” shall apply to any expansion or construction.
- E. The reuse of an existing building shall be reviewed as provided in Tables 4-2 and 4-4. A change of use within an existing building shall be reviewed as provided in B above.

The TIERED REVIEW process above does not apply to Special Permits for dimensional variations, as provided in Section 12.5, or to findings allowing expansion of certain NONCONFORMING USES or STRUCTURES, as provided in Section 10.1.50.

**Section 4.2.40 Site Plan Review for Exempt Uses**
