THE CITY OF SPRINGFIELD, MASSACHUSETTS

March 31, 2016

Councilor Timothy J. Rooke, Chairman Councilor Kenneth E. Shea Councilor Orlando Ramos

Honorable Members of the Audit Committee:

In accordance with City Ordinance 67-14, attached is the Audit Plan proposed for Fiscal Year 2017. If the plan meets with your approval, I respectfully request that you present the annual audit plan to the City Council for review and acceptance.

The annual audit plan was developed by considering the required audits mandated by the City Ordinance, Massachusetts General Laws and the results of the Fiscal Year 2017 Citywide Risk Assessment. We designed the annual audit plan to address what we considered to be risk areas, while limiting the scope of work to what we can realistically accomplish with the staff resources available.

Respectfully submitted,

Yong Ju No, CPA

#### Mission Statement

The mission of the Office of Internal Audit is to promote accountability and integrity in City government by providing independent and objective reviews and assessments of the City's departments, programs, and services to improve the efficiency of procedures and effectiveness of operations; and to prevent and detect waste, fraud, and abuse.

### **Powers and Duties**

City Ordinance 67-14 among other things grants the Director of Internal Audit the following powers and duties:

The Director of Internal Audit shall examine or cause to be examined the financial and other records of the city and its departments including the city retirement system and any other audits or reviews as determined necessary by the Director of Internal Audit. The Director shall conduct or cause to be conducted both financial and performance audits to prevent and detect waste, fraud and abuse and to improve the efficiency, effectiveness and quality of public services provided in and by the City. Department heads are encouraged to use the resources of the Director of Internal Audit.

The Director of Internal Audit shall maintain a fraud hotline for the City of Springfield. This hotline should be made available to the public and to city employees to enable them to report fraud, waste, and abuse.

No employee, officer, board, commission, agency or other unit of the city government, including the school department, shall interfere with any audit or review conducted by the Director of Internal Audit or his/her staff.

There are 5,270 staffing hours available for Fiscal Year 2017, of this amount 2,630 hours (50%) are planned for performance audits and other audit related activities; 1,050 hours (20%) are planned for the maintenance of the fraud hotline; and 1,590 hours (30%) are planned for administrative, training and other duties.

### City Wide Risk Assessment Summary

Risk assessment is the process we used to identify and prioritize the City's internal control practices and significant areas of operating risk. This process provides a tool for creating a roadmap ultimately utilized in developing the audit plan for Fiscal Year 2017. We designed the annual audit plan to address what we considered to be the highest priority areas while limiting the scope of work to what we can realistically accomplish with the staff resources available.

### City Wide Risk Assessment Model

In developing a risk assessment model, we first had to define the audit universe. The audit universe is a listing of all the City's significant auditable units. To accomplish this, we used the City's Fiscal Year 2016 Adopted Budget. The next step in creating the risk assessment model was to identify the major risks factors associated with of the City's auditable units. We then we assigned weights to each risk factor based on relative importance. These measurable risk factors and assigned weights included the following:

March 31, 2016

Risk Factors		Weight
Financial Exposure		25%
Internal Control System		20%
Liquidity – Cash Nature of Activities		18%
Complexity of Operations		12%
Regulatory Compliance		10%
Last Time Audited		8%
Public Impact		7%
	Total	100%

We continued our prioritization process by assigning a value to all of the above risk factors for each of the auditable units. Based on the results from interviews with management, knowledge of past problematic areas, and reviews of the Comprehensive Annual Financial Statements and other sources of information, we assigned a point value of zero to five (0-5) with zero representing the lowest level of risk and five the highest for each risk factor evaluated. We then added the weighted factors together to obtain the representative risk score for each auditable entity, tabulated, and ranked the results from highest to lowest risk scores.

These rankings were taken into consideration when developing the audit plan for the Fiscal Year 2017. We must emphasize that we must also give consideration to any unique situations that may arise as well as certain circumstances which might supersede our previously identified and scheduled top priority items.
