

Housing Rehabilitation Contractors YOU ARE INVITED

Information and Feedback Meeting Breakfast Served

Thurs., Jan. 19, 2017

7:30-8:30 am

Putnam Vocational High School
1300 State St., Springfield

The City of Springfield is starting a new, federally-funded, \$5 million housing rehabilitation & healthy homes program.

Learn about the program and help us understand if our contractor workforce is ready. What kind of training is needed:

- Lead remediation?
- Mold remediation?
- Healthy homes training?

The City and the Regional Employment Board are creating HUD-funded training programs to get us ready. Please help us design the programs to make sure they serve the community.
