#### **Mayor Sarno Issues Statement on the Passing of Baystate Health's Retired President/CEO Michael J. Daly**

Springfield, MA – Mayor Domenic J. Sarno states, “First of all, my sympathy, thoughts and prayers of encouragement go out to Mr. Daly’s family, friends and his Baystate family too. Mr. Daly was a true gentleman and a healthcare visionary. His dedicated and respected leadership took Baystate Medical Center to the next level of being one of the top rated hospitals, not only in Massachusetts, but also in the country too. On a personal note, my dad cut his hair for many years and ‘oh, the enjoyable and relaxing conversations they would have.’ God rest his soul.”
