

Mayor Sarno Shares Veterans Day Message:

"Springfield has a strong reputation for always honoring, remembering, respecting and thanking our veterans and their families for their continued sacrifices and ultimate sacrifices they have made in the name of freedom," said Mayor Sarno. "I encourage our residents to show, in their own way, their appreciation to our veterans who have put their lives on the line to protect our country's freedoms.

It is our veterans who have made our United States of America the greatest nation in the world. We are the beacon of hope, strength, opportunity, and Democracy thanks to our veterans. May God bless our veterans and their families.

God bless America and our City of Springfield.

Respectfully,
Mayor Domenic J. Sarno"
