I. GENERAL INFORMATION

Community Preservation Funds are available in four categories. There are some questions that are only relevant to certain categories. Please only answer the questions in this section that relate to the category(s) that are being applied for.

A. All Categories that involve property (land and/or buildings)

1. Provide the parcel ID number(s) for property included in the project

150 Acorn Street

City of Springfield, MA 01109

Street Parcel #000500007

2. Does the applicant own the property?

No, Acorn Street Tennis Courts are owned by the City of Springfield, under the control of the Springfield Park Commission.

3. If the applicant does not own the property, attach a purchase & sale agreement for the property.

N/A

B. Community Housing Questions N/A

Housing projects will have to provide an affordability restriction for a percentage of the project unit, based on the percentage of CPA assistance in the overall budget.

1. What income levels will be the primary target of the project?

2. How will a determination of income-eligibility be made?

3. What marketing will be done to make this program known to the public?

C. Historic Preservation Questions N/A

Historic preservation projects must follow the Secretary of Interior Standards for Rehabilitation. Assisted properties will be required to be subject to an exterior preservation restriction or to be placed under local historic district protection.

1. What steps will be taken to ensure the work complies with the Secretary's Standards?

2. What is the age of the property?

3. Will the owner agree to a preservation restriction or local historic district designation? N/A

D. Open Space & Recreation Questions

1. Is this project in a wetland or does it about a wetland? Yes

2. If so, has the Conservation Commission been informed?

No, the recreation space sits on a current municipal park and the Park Commission has been informed.

3. If the project is on municipal park or conservation land, attached a letter of support from the Park Commission or Conservation Commission.

See addendum. Letter of Support Attached.

II. NARRATIVE

The narrative is an opportunity to explain the proposal to the CPC and how the proposal achieves one or more of the CPA criteria. In a separate document, answer the following questions. Keep responses in the same order they are presented here and include the headings for each section.

A. Project Summary

1. Introduce the project with a summary which notes the CPA category, goals, project scope, and budget. (200 words or less)

This project to renovate and restore the Acorn Street Park is to address the long standing concerns from the area's residents to beautify and maintain open green areas of the Ward 4 community while providing outdoor recreational space for physical activities.

Project Proposal: Acorn Street Tennis Courts in Acorn Park

CPA category: Recreation & Open Space

Goals: Restoration & Repair of the Acorn Street Tennis Courts

Scope: The proposed project consist of:

- demolition & restoration of tennis courts
- installing recreational additions to Acorn Park

Budget: \$46,239.67

B. Proposal Description

1. Describe the proposal and how it will benefit Springfield. (200 words or less)

The renovation and restoration of the Acorn Street Park is important to the Bay Area neighborhood and surrounding community because of its long standing history, vast culture, and memories for the area's residents. Proposed renovations include structural improvements, park tables and benches, park trash cans, park gazebo, as well as landscaping improvements. This project's impact will be immediate, as the tennis courts are highly visible and in its deteriorated state does not lend itself to the beauty of Acorn Street Park or The Bay Street area. This project is best aligned with the open space & recreation category of the Community Preservation Act and its goals to restore the Acorn Street Park for passive recreation. In addition this project is also aligned with the "research and review of public comments and the Springfield Open Space and Recreation Plan of 2015-2022, the concept of a well-maintained system of parks, playgrounds and natural areas play a vital role in the quality of urban life." Of that plan the need and priority for renovating small neighborhood playgrounds and green spaces is identified.

2. Identify what CPA criteria this proposal achieves and how they are accomplished.

The Acorn Street Park proposal is consistent with the priorities in the Community Preservation Act. It meets open space and recreation priorities by renovating a neighborhood green space. The Acorn Street Park proposal improves and builds up the fundamental appearance and spirit of the Bay Area neighborhood and Springfield while restoring recreational space to the community that has been lost for years. This proposal has a practical budget and can be done in a feasible time frame. The project includes 2 major expenditures which are tennis courts improvements and park accessories additions (tables, benches, trash can, and gazebo). The Acorn Street Park proposal will be insurmountable to the actual cost to provide scenic green area for the community.

3. Describe the need that this proposal will address.

The renovation and restoration of the Acorn Street Park will provide the surrounding residents of the Bay Area, McKnight, Upper Hill, and Old Hill with an outdoor recreational facility to conduct various youth programming, training for those interested in Tennis, and those who want to enjoy a scenic open green area for relaxation. Also, the park attraction offers a tranquil and inviting setting for park visitors to escape the bustle of the city. The park and courts have been left unattended for several years now and have been an eyesore for all residents. The Acorn Street Park renovations will address the lack of access to open green area, updated athletic facility, and the beautification of a public park area. There is community and neighborhood support and interest in renovating and restoring the Acorn Street Park.

4. What is the expected outcome of this proposal?

The completion of this proposal will yield a detailed budget and construction plan to renovating and restoring the Acorn Street Park. The location of the Acorn Street Park is a vital component of the Ward 4 community of Springfield and has once served as a staple for youth summer enrichment programs for years. This project will increase the attraction of the Acorn Street Park as a regional destination and restore the physicality of the area residents with a renowned open green park area.

C. Feasibility & Sustainability

1. What other funding sources have been secured or are being pursued?

None. We are only using CPA funding for this project to restore the Acorn Street Park.

2. Once the proposal is complete how will it be sustained/maintained?

The Acorn Street Park will be maintained and operated by the Department of Parks, Buildings and Recreation Management under the direction of Park Commissioners.

3. Is there an operating pro forma for when the proposal is complete and what is the basis?

There is no operating pro forma for this project.

D. Applicant Experience

1. What similar projects/programs has the applicant successfully completed?

Devin Streeter is a small business owner in Springfield as of 2019 and has acquired numerous grants of over \$10,000. Prior to opening an e-commerce footwear brand Mr. Streeter has worked as a resource developer for various non-profit organizations in Springfield and has raised funds totaling over \$40,000.

Jynai McDonald has worked closely as a project manager for Mr. Streeter on past projects with detailed budgets. Ms. McDonald has successfully negotiated multi-million dollar workforce contracts for child care providers throughout Massachusetts as the department manager and serves as a member of the governing body as a Board of Director to several non-profit organizations both large and small.

2. Describe the professional experience of the applicant/project team.

Jynai McDonald is a community and state-wide organizer whose professional foundation started by working with inner city at-risk youth. With over 12 years of experience being a liaison between the service population and the attending resources her additional experiences include promoting public awareness initiatives and social engagement issues. Devin Streeter is the owner of a local small business, over 6 years in higher education, and a resource developer for multiple non-profit organizations.

III. TIMELINE

The timeline should identify the estimated start date and estimated completion date along with the completion of phases or important milestones of the project/program. Please provide the timeline in a list format.

- Spring 2021 CPA grant application due
CPA review between Community Preservation Board & applicants
Acorn Street Park and Tennis courts neighborhood clean up
- Summer 2021 Community presentation and project announcement
CPA Review
- Fall 2021 City Council Approval: CPA awards project
- Fall 2021 RFP goes out for bid (if applicable)
- Winter 2021 RFP awards vendor(s)
- Spring 2021 Tennis courts restoration starts

IV. BUDGET

Identify revenue sources and identify whether those sources are secured or unsecured. Identify the revenue and expenses for the entire budget, not just the portion being asked for from CPA funds. Applicants should obtain professionally prepared quotes for project costs whenever possible. If such quotes are not available, detailed cost estimates may be used if the basis of the estimates is fully explained.

Item	Quote	Vendor
Removal & disposal of raw materials, dig & excavate, install 10-12 inches hard pack base, install 2-½ inches binder, install 2-½ inches dense blacktop	\$33,265.00	CMJ Paving & Landscape
Tennis court posts & nets 4-7/8" round tennis net posts	\$469.90	Tennis Supplies & Equipment
6 ft. Black Metal U-Leg Perforated Roll Form Bench with Back (2)	\$1,859.94	Home Depot
38 Gal. Black Metal Slatted Outdoor Commercial Trash Can Receptacle with Rain	\$1,208.52	Home Depot

Bonnet Lid and Liner		
6 ft. Diamond Black Commercial Park Surface Mount Rectangular Table (2)	\$2,954.26	Home Depot
46 in. Diamond Black Commercial Park Round Table in Ground	\$1,482.05	Home Depot
12 ft. x 20 ft. W Wood Like Aluminum Hardtop Gazebo with Galvanized Steel Roof	\$3,200-\$5,000	TBD (Home Depot)
Total	\$44,439.67 - \$50,000	\$3,760 budget variance

V. ATTACHMENTS

A. Commitment letters for revenue sources identified in the budget [N/A](#)

B. Letters of Support

- Applicants are encouraged to meet with the local neighborhood council or civic group [if applicable] and from the list below according to the category(s) of CPA funding. Applicants may provide additional letters of support beyond this list if they feel it will help their application. Letter(s) should contain the date on which the board/commission voted to support the proposal.
- Community Housing Springfield Housing Authority
Office of Housing
 - Historic Preservation Springfield Historical Commission
Springfield Preservation Trust
 - Open Space Springfield Conservation Commission
 - Recreation Springfield Park Commission - [see page #14-16](#)

For projects that involve property (land/buildings)

C. Provide a letter of support or verification that the neighborhood council/association where the project is located has been notified. A list of neighborhood organizations can be found at:

<https://www.springfield.ma.gov/planning/index.php?id=neighborhoodcouncils>

Letters of Support - [see page #12-13](#)

Petition supporters - [see page #21-24](#)

D. Maps

1. Project location on citywide map - [Precinct 4D - see page #10](#)
2. Plot map (from City GIS) with the project parcel outlined and showing all abutting property parcels and the closest major intersection with streets labeled - [see page #8-9](#)

E. Architectural/Engineer Plans/Elevations/Site Plans [N/A](#)

F. Photographs - [see page #11, 17-20](#)

G. Operating Pro Forma (for project after it is complete) [N/A](#)

H. Proof of ownership/control of property such as deed(s), executed purchase & sale agreement, option, lease agreement, etc. [Assessor's Property Card - City of Springfield -see page #7](#)

Bay Area Neighborhood Council

"Invest in BANC, and gain interest in our community"

March 23, 2021

To: Springfield Community Preservation Committee
RE: Acorn St. Tennis Courts

Dear Committee Members,

Community service, involvement, and beautification are among the many priorities of the Bay Area Neighborhood Council. The council is delighted to support residents Jynai McDonald and Devin Streeter's application for improvements to the Acorn Street Tennis Courts which have been in serious need of repair for many years. The tennis courts are located next to the Boys & Girls Club Family Center and across from American International College's Track. Restoring it back to its original functionality will enhance the beauty of the neighborhood, serve as additional outdoor recreational space for the family center, neighborhood residents, and even the higher education community.

Since the scope of this project aligns with both the Park Department and the Community Preservation Act priorities for renovating neighborhood playgrounds and green spaces it is only natural for the Bay Area Neighborhood Council to support this project as well.

Sincerely,

Gwendolyn Smith, President
Bay Area Neighborhood Council

SENATOR ADAM GÓMEZ
Hampden District

The Commonwealth of Massachusetts

March 26, 2021

Community Preservation Committee
Attention: Mr. Robert McCarroll, Chair
City of Springfield
City Hall, 36 Court Street
Springfield, MA 01103

RE: Acorn Street Tennis Courts CPA application

Dear Mr. McCarroll:

Community engagement is paramount when unifying a neighborhood for a common good for all. Lifelong residents of Springfield, Jynai McDonald and Devin Streeter, are answering that call by reviving a community recreation staple – the Acorn Street Tennis Courts in the City of Springfield. This recreational space has been in need of repair for many years now.

I am delighted to hear that the Park Commission and Bay Area Neighborhood Council are in support of the improvements for the Acorn Street Tennis Courts. As State Senator for the Hampden District, I also offer my support for Jynai McDonald and Devin Streeter's application for the Community Preservation Act grant program. Restoring the tennis courts back to its original functionality will enhance the beauty of the neighborhood and serve as additional outdoor space for the neighborhood residents and community organizations.

Thank you for your time and attention to this matter.

Sincerely,

ADAM GOMEZ, *State Senator*
Hampden District

AG/ar/da

City of Springfield
Parks, Buildings, and Recreation Management

March 22, 2021

Community Preservation Committee
36 Court Street
Springfield, MA 01103

Dear Committee Members,

The Board of Park Commissioners convened a meeting on March 18, 2021 to hear requests from citizens and community organizations relating to Community Preservation Act 2021 park and recreation grant applications.

The Springfield Park Commission enthusiastically supports Bay Area resident Jynai McDonald's application for improvements to the Acorn Street Tennis Courts.

The Park Commission feels this project is aligned not only with Park Department priorities and needs for enhanced recreational offerings city-wide, but with the Community Preservation Act priorities to renovate neighborhood playgrounds and green spaces.

We are available to answer any questions and look forward to working with the Community Preservation Committee and the Bay Area neighborhood to implement this project.

Sincerely,

Milagros Terry Rodríguez
Board of Park Commissioners, Chairwoman

cc: Patrick Sullivan, Executive Director DPBRM
Jynai McDonald, Bay Area Neighborhood Resident

Department of Parks, Buildings and Recreation Management

Administrative Office, Forest Park

March 31, 2021

Dear Councilor Hurst:

Thank you for your email regarding the Acorn Street tennis courts. I would strongly disagree with your statement that the neighborhood council's support for a park project is overrated and carries too much weight. Since I have been with the city, the Park Commission has depended on the 17 neighborhood councils' guidance for the past thirty-five years. The members of the neighborhood councils are voted by the neighborhood residents from their individual neighborhoods. The neighborhood councils' input is an invaluable service to the Park Commission and it allows a positive route for citizens to express their neighborhood concerns.

I believe this process has been beneficial to our city, as over \$1.5 million in annual state and federal grants are received for the city's park system. Demonstration of public input is crucial to the success of any project. Secondly, you voice your opinion of the CPA process. We had a lengthy conversation last year when you proposed the repair of the track at Blunt Park with Councilor Whitfield. At that time, we had discussed that the Park Commission would entertain projects by March 1st, and then the Park Commission would approve projects that would be appropriate for the repair/improvements to the park system. This is the process followed this year and in my opinion worked well from the standpoint that we had received 13 requests by the March 1 deadline. Your colleagues on the Council, Councilor Whitfield and Councilor Fenton, both have worked with neighborhood councils for submissions and made the March 1 deadline. I congratulate Mr. McCarroll and the entire CPA Committee for their continued volunteer efforts and know it will only continue to become a model process as each year passes.

Regarding Ms. McDonald's request for rebuilding the tennis courts on Acorn Street; rebuilding on this site simply will never be successful. The issue is that the area is adjacent to wetlands and the soils are a peat bog material unable to support the weight of tennis courts. There is a high water table there, as evidenced by the height of the neighboring Girls Club building (they had filled the wetland to build the Girls Club). The plan discussed with the Girls Club for improvements at this site is an open field, wetland walk, with a small pavilion and picnic tables.

I didn't think it prudent to let Ms. McDonald continue down the path of applying for a project that would never be realized. Furthermore, our department made a commitment to Andrew Cade in February, who was representing the tennis players at Blunt Park. (I have also enclosed a letter from 2019, in which the City Council was copied, requesting

the Blunt Park Courts be renovated.) Mr. Cade also initially requested to include the Acorn Street courts for renovation, but after meeting with him in February he agreed to focus the CPA application on the courts at Blunt Park, realizing that the Acorn Street court repair is not possible.

At this time the Park Department, through its Park Commission, is directing its efforts on the Blunt Park tennis courts and the Stone Soul Remembrance Garden proposed for Blunt Park. There are 13 applications being submitted from across eight neighborhoods, so any support for the current Blunt Park projects is strongly advised and would be welcomed.

Sincerely,

Patrick Sullivan
Executive Director of PBRM

Subject: [External] Fw: CPA
Attachments: Jynai.pdf

Good afternoon Pat,

It has been brought to my attention that the Parks Commission has rescinded its letter in support of a CPA application to be submitted by Jynai McDonald and Devin Streeter to revitalize the tennis courts on Acorn Street. My understanding is that they have received a letter of support from the Bay Area Civic Association for this project and have an ongoing petition with over 170 signatures from residents in the community. It is clear that the Bay Area community is tired of looking at this eyesore that has been neglected by our city for years.

You site in your letter that the tennis courts cannot be repaired because of unstable ground conditions and a high water table.

1. If tennis courts are not able to be rebuilt or resurfaced for this property, then what use is acceptable? Concerned residents who drive by this dilapidated property every day would like to know for future CPA applications.

2. I recognize Mr. Cade is working to repair the Blunt Park tennis courts, which the Bay Area Council and I for that matter support as well, but I'm wondering why is not possible to have both repaired? The most recent letter in support of the Acorn Street tennis courts made no mention of the Blunt Park tennis courts and certainly didn't prioritize one over the other as your letter to Ms. McDonald insinuates.

3. Finally, you mention in your letter that next steps are to review previous plans for this site with the Bay Area Neighborhood Council and the adjacent Girls Club. Can you elaborate on those plans and a timeline so that I can share that with the 170 concerned residents as an alternative to the tennis courts in hopes of getting their perspective on the plans?

I've cc'd Bob McCarroll on this email to again reiterate to him my frustration with the CPA process itself. Neighborhood council support alone for a project is often times overrated and my fear is that their letter of support carries entirely too much weight. Many of these councils are comprised of a small number of residents that most times don't represent the views of an entire community. Those same Neighborhood Councils should be require to do what Jynai and Devin have done, which is to garner over 170 residents to sign on to a petition highlighting a desired use for green space in a particular community.

In spite of the park commission's decision to rescind their letter, I have advised Jynai and Devin to move forward with the process that they have clearly invested a lot of time and energy into.

I'm sure that as soon as Pat Sullivan clarifies the potential uses for that space, then Jynai and Devin will be back before the CPA board again with another proposal.

Thanks in advance for your attention to this matter.

Justin Hurst

Acorn Street Tennis Courts

Tennis Court Rules

1. Only sneakers to be worn on the tennis court.
2. Only the sport of tennis can be played on the tennis court.
3. No animals on the court.
4. All park rules strictly enforced.
5. No unauthorized tennis instruction is allowed.
6. The S.T. Council reserves the right to make all final decisions regarding the use of the tennis courts.
