

## Exciting news for Cigna customers - your vision plan is now powered by EyeMed

Regular eye exams are important to overall health and wellness. Not only do they help to correct vision problems, but they can also detect the warning signs of more serious undiagnosed health problems such as high blood pressure, cardiovascular disease and diabetes.

That's why Cigna has partnered with EyeMed Vision Care - America's fastest growing vision benefits company<sup>1</sup> - to bring an enhanced vision benefits experience that offers:

### 1. NETWORK YOU WANT

Every doctor in our vision network is carefully selected to ensure you have the flexibility to choose from the right mix of independent, national retail and regional retail providers, including LensCrafters<sup>®</sup>, Target Optical<sup>SM</sup>, and Pearle Vision<sup>SM</sup>. Plus, we offer online, in-network options through LensCrafters.com, Ray-Ban.com, Glasses.com and ContactsDirect.com.
