

THE CITY OF SPRINGFIELD, MASSACHUSETTS

MAYOR DOMENIC J. SARNO

HOME OF THE BASKETBALL HALL OF FAME

May 24, 2022

One Stop for Growth Program
MassDevelopment
99 High Street
Boston, MA 02110

To Whom It May Concern:

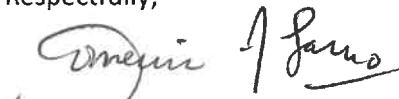

I would like to acknowledge and offer my enthusiastic support of the submission of an application for funding through the Community One Stop for Growth program.

The City of Springfield, Office of Planning and Economic Development (OPED), endeavors to prepare a long vacant underutilized parcel known as ES Pinevale Street in our Indian Orchard neighborhood for redevelopment. To that end, funding is essential to perform testing on soils and groundwater to determine how we move forward as a community with the site.

The city continues to work collaboratively with the Indian Orchard Neighborhood Council on objectives for the site and look forward to advancing this very important project.

Should you have any questions about this application or the project, please feel free to reach out to my office or contact OPED directly at 413-787-6020. Thank you for your continued support.

Respectfully,

Mayor Domenic J. Sarno

"Good health & God Bless."
