

Examples of Springfield Historical Commission Approved Windows

Below is a list of houses receiving Certificates of Appropriateness for replacement windows in the past few years. A detailed explanation of Appropriateness standards can be found in Commission Window Guidelines; however, in general, appropriate replacement windows must:

- Remain the same size as originals
- Replicate the same window pane pattern as originals
- Have raised dividers permanently adhered to exterior of multi-paned windows
- Be dark in color if windows have a factory-applied finish not meant to be painted
- Have lower sash sit directly on sill, not fit into a channeled frame
