

The City of Springfield is submitting a substantial amendment to the 2017-2018 Action Plan Projects: AP-35 Projects 91.220(d). The City of Springfield proposes to decrease funding for Project #42 Clearance & Demolition with Program Delivery and increase funding for Project #48 Park Reconstruction in the amount of \$393,153.00The City will eliminate CDBG funding for the City of Springfield Demolition Bond Payment and move the funding to upgrades and improvements to Ruth Elizabeth Park in the Six Corners Neighborhood.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Springfield works to create and sustain a healthy, vibrant City that stimulates balanced growth through economic development, housing options, neighborhood stabilization, community development and support for Springfield residents. Springfield is a federal entitlement community, which means that it receives an annual allotment of federal funds to carry out community development activities under several HUD programs. Annual funding amounts are determined by a formula and are dependant on annual federal budget allocations.

Every five years, the City, through its Development Services Division, undertakes a planning process in which it assesses its community needs, seeks output from citizens, and devises a strategy to accomplish priority projects. The outcome of the planning process is the setting of priorities and a spending plan for HUD funds the City expects to receive, as well as a description of how the HUD funds will be integrated with other funding sources to accomplish the identified goals.

During each year of the Consolidated Plan, the City publishes an Annual Action Plan, which indicates the annual budget for HUD funds and the programs to be carried out during the year. This document is the City of Springfield's Annual Action Plan for the third year of the 2015-2019 Five Year Consolidated Plan.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City of Springfield's objectives are:

Economic Development The City will expand job training, job development, and job readiness programs to effectively develop a competitive workforce. It will promote an environment that encourages entrepreneurship and small business growth, strengthens existing businesses, and expands economic opportunities. The City will support organizations that contribute to the revitalization of neighborhood commercial districts. In addition, Springfield will promote sustainability and smart growth development through improvements in transportation choices of all modes, brownfields remediation, and historic preservation.

Neighborhood Stabilization and Housing The City will improve the quality of the City's housing stock and undertake coordinated development projects in order to revitalize its most distressed neighborhoods. The City will preserve and expand housing options for residents to access safe, sanitary, and affordable homes.

Community Development The City will work to improve the physical environment through enhancement of streets, parks, streetscapes, open space, and remediation of blight. It will strive to create and maintain appropriate community facilities, to provide support and increased opportunities for residents of Springfield with particular focus on City's youth, and to design and implement projects which will increase the City's resilience to natural disasters.

Homeless and Special Needs Populations The City will continue to undertake coordinated strategies to end homelessness. It will support special needs populations with housing options and supportive services.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

As part of the planning for the 5-year plan, Springfield's Development Services Division reviewed the goals and actual outcomes from the last consolidated plan. The Division worked to free up funds from different programs in order to be able to provide additional funding for economic development activities, which was widely identified as a large unmet need. The internal evaluation supplemented the feedback received from the survey and public meetings held during the Consolidated Plan planning process to provide guidance as to goals that have the most impact and are achievable over a five-year period.

In the last several years the City has increased its focus on steps to affirmatively further fair housing. As a result of data analysis on segregation from 2010 census data, regional sustainability planning, and City review of racially and ethnically concentrated areas of poverty, the City has more clearly targeted areas of racial/ethnic concentration of poverty for investment intended to provide improved neighborhood conditions and economic opportunity for residents of these areas. At the same time, the City has retained the format of its first-time homebuyer downpayment assistance program, which allows

income-eligible households to receive assistance to purchase a home in any City neighborhood. Analysis of past performance indicates that this program has specifically enabled people of color to move to higher-opportunity neighborhoods.

Following multiple natural disasters over the last five years, especially the 2011 tornado, plus education the City has been exposed to through its 2015 participation in the National Disaster Resilience Competition, the City is expanding its use of federal funds to enhance the City's resilience to future climate change and natural disasters. The City has identified that bringing opportunity to neighborhoods of deep poverty is critical to the City's future resilience. This conclusion reinforces the City's determination to affirmatively further fair housing, and supports the City's decision to target the majority of HUD funds to the City's most economically challenged neighborhoods. In early 2016, the City received an award of \$17 million in CDBG-NDR Funds. Programming of those funds is described in the City's NDRC application and materials.

This plan does not detail the City's spending of \$21.9 million in CDBG-Disaster Recovery funds allocated in 2013. The City conducted an extensive planning process for those funds in 2013, and plans for these funds are described in CDBG-DR Action Plan A and further CDBG-DR Action Plans. The City did, however, take into consideration the plan for spending of those funds in its planning for spending other federal funds in 2015-2019. The different funding sources and plans are designed to compliment each other.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City encourages and creates numerous opportunities for citizens to participate in the development of the Consolidated Plan, the Annual Action Plan, any substantial amendments to the Consolidated Plan, and the Consolidated Annual Performance and Evaluation Report (CAPER).

The Annual Action Plan process consists of : public notice published in the *Republican* and *LaVoz* newspapers; posting of hearing dates, request for comments and draft plan on the City's website; two public hearings (only one hearing was held this year on January 18, 2017 at the Rebecca Johnson elementary school; the second hearing was canceled due to inclement weather); receipt of public comments; and a public hearing on the DRAFT Annual Action Plan , April 25, 2017 at Springfield City Hall.

This Annual Action Plan DRAFT was available for public review and 30 day comment period from April 3, 2017 through May 2, 2017. Copies of the DRAFT Plan were available at the Office of Community Development, 1600 East Columbus Avenue, Office of Housing, 1600 East Columbus Avenue, Office of Planning and Economic Development, 70 Tapley Street and the Office of Neighborhood Services, 70 Tapley Street, City of Springfield's Main Library, State Street and the City's Community Development website. A summary of the plan in Spanish was available at the same locations. The City accepted written comments on the draft plan throughout the public comment period.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Minutes of public hearings, as well as copies of written comments received, are included in the document; AD-26-Administration, Attachments Citizen Participation.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments that were received were accepted and incorporated in the Annual Action Plan, 2017-2018. Comments are included in the document as AD-26- Administration.

7. Summary

PR-05 Lead & Responsible Agencies – 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

Describe the agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
CDBG Administrator	SPRINGFIELD	Office of Community Development
HOPWA Administrator	SPRINGFIELD	Office of Housing
HOME Administrator	SPRINGFIELD	Office of Housing
ESG Administrator	SPRINGFIELD	Office of Housing

Table 1 – Responsible Agencies

Narrative (optional)

The Development Service Division is the lead agency responsible for administering the programs covered by the Consolidated Plan, Annual Action Plan and any other HUD related documents. This Division is made up of the following departments: Community Development (OCD), Planning and Economic Development (OPED), Housing, Code Enforcement, and Neighborhood Services. The Division administers funds provided to other City Departments to carry out the plan, which includes Parks and Recreation, Public Works, Elder Affairs, and Health and Human Services. The Division also administers grant funding to various agencies and nonprofit organizations.

Consolidated Plan Public Contact Information

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Springfield regularly consults with many agencies in the City and region to understand local needs as it creates and implements its Consolidated Plan. The City has been particularly active in coordination regarding crime/community building, creating a climate change plan, implementing an arts/innovation/maker district, healthy homes interventions, and responding to homelessness.

For the 5-year Consolidated Plan created in 2015, the City distributed a survey to citizens, city staff, stakeholders and mailings. The City conducted initial public hearings and a hearing on the initial draft of the plan, and sought written comment at the beginning of the planning process and again in response to the draft plan. For the 2017 Action Plan, Springfield held a public input meeting and requested public written input. Once the draft plan was completed and made available to the public, the City held another hearing and again requested written comment.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

Springfield works to increase coordination among agencies from multiple sectors in a number of efforts. Key efforts which enhance coordination between housing providers and other agencies include:

- 1. Green and Healthy Homes Initiative** A collaboration of health providers, housing rehabilitation providers, weatherization providers, and contractors working together to increase understanding of the connection between housing conditions and health risks and to intervene to address housing conditions that contribute to poor health (such as asthma triggers, lead paint and other toxins, and trip/fall hazards).
- 2. Western Massachusetts Network to End Homelessness** Sponsors, in coordination with the Springfield-Hampden County Continuum of Care, 4 monthly meetings that bring together housing, shelter and social service providers to coordinate the housing response to homelessness among Individuals, Families, Unaccompanied Youth, and Veterans. The City also coordinates a monthly meeting which specifically responds to chronic homelessness and includes hospital staff, crisis workers, outreach workers, housing providers and police.
- 3. C3 community/public safety initiatives in the North End, South End, Mason Square, and lower Forest Park**, which include weekly problem -solving meetings attended by residents, police, landlords, business owners, social service agencies and others to respond to neighborhood needs, as well as enhanced community-oriented policing.

Other coordination activities that the City leads or participates in include The Springfield Food Policy Council, LiveWell Springfield, the Springfield Climate Justice Coalition, and the BUILD Health Challenge.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Springfield Office of Housing is the Collaborative Applicant and Grant Administrator for the Springfield-Hampden County Continuum of Care, and is also the Homeless Management Information System (HMIS) Lead for the CoC. City and CoC efforts are closely aligned and coordinated.

Chronic Homelessness Springfield is committed to ending chronic homelessness, and is part of the national Built for Zero campaign sponsored by Community Solutions, which incorporates best practices, data-driven strategies, and peer learning to help communities design and implement the systems necessary for ending chronic and veteran homelessness. In the past year, the City has led the CoC's creation of a by-name list of chronically homeless persons and coordination of bi-weekly case conferencing meetings to work toward housing everyone on the list. The City has dedicated staff and HOME funds, and coordinates with the Springfield Housing Authority, in order to increase resources available for housing chronically homeless individuals.

Veteran Homelessness Springfield has joined the Mayor's Challenge to End Veteran Homelessness, as well as the Built for Zero campaign. City staff coordinate a homeless veteran by-name list and regular case conferencing meetings to connect homeless veterans with housing opportunities.

Homeless Unaccompanied Youth The CoC and the City have participated with the state of Massachusetts to undertake statewide counts of homeless youth, using expanded and targeted outreach strategies. The City has applied for and received state funding dedicated to increasing housing opportunities for homeless youth, and participates in monthly Unaccompanied Homeless Youth coordination meetings.

Homeless Families with Children The Commonwealth of Massachusetts provides diversion assistance and emergency shelter for families in a closed system. Springfield participates in a Family Services committee that meets monthly to coordinate local resources with the state system. The City provides Emergency Solutions Grant (ESG) funds for programs that serve homeless families not eligible for state assistance.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City's response to homelessness and the Continuum of Care are both operated by the City's Office of Housing, which ensures that City and CoC closely coordinate strategies.

For the ESG program, the Office of Housing seeks information from CoC members regarding funding priorities and performance standards, and creates draft priorities and standards, which are reviewed again with the CoC. Individual ESG programs are selected for funding using a request for proposals (RFP) process, and CoC members are part of the review committee.

The CoC includes a Data and Performance Committee, which has set performance standards for ESG and CoC programs. The standards are reviewed annually and adjusted when warranted. Performance results are used as part of the annual process of deciding which programs will receive funding.

The City's Office of Housing is the CoC's Homeless Management Information System (HMIS) Lead. The CoC has an HMIS Governance Agreement which identifies the City as the lead, and determines roles and responsibilities. The CoC, working with the CoC HMIS Committee, created HMIS Policies and Procedures, which have been reviewed and voted on by the CoC Board of Directors.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Narrative (optional)

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The City's Participation Plan is designed to encourage citizens to participate in the development of the Consolidated Plan, Annual Action Plan, substantial amendments to the Consolidated Plan and Performance Reports, CAPER. As described in the plan, the City encourages the input of low moderate income residents by 1) outreach to the public through mailings, 2) conducting a series of public hearings at various stages of the planning process, 3) creating a system to accept and respond to written comments from the citizens.

To ensure participation among low and moderate income residents the public hearings are held in areas where funds are mostly to be spent and to public housing residents.

The City makes information available and accessible to all interested parties. At a minimum, the City provides information concerning proposed activities, including amount of assistance, range of activities to be undertaken and the amount that will benefit low/moderate income persons. All information is provided in English and Spanish.

The City relied on input received from the public in establishing its priorities and goals.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City of Springfield did extensive outreach to establish the following four priority goals to guide its strategies during the program years 2015-2019: Economic Development, Neighborhood Improvement and Housing, Community Development, and Special Needs Population. The City will use its entitlement funds to further these priorities over the next five years.

The City of Springfield has been awarded funding for CDBG-DR and CDBG-NDR. Funding has been fully committed and Action Plans are posted on the City’s website.

CDBG-DR - <http://www.springfield-ma.gov/planning/index.php?id=cdbg-dr>

CDBG-NDR - <http://www.springfield-ma.gov/planning/index.php?id=ndrc>

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Sources of Leveraged Funds include:

Continuum of Care - US Dept of HUD -\$3,479,984 (funding for permanent supportive and transitional housing for persons experiencing homelessness)

Health Care for the Homeless - \$1,194,000 (funding for health services for person experiencing homelessness)

Heartwap - State of MA - \$568,575 (funding for heating system repair and maintenance)

Fema and City Bond Fund Projects \$34,319,991 (new Senior Center - \$12,000,000; new South End Community Center - \$10,800,000; renovation of 50 East Street - \$7,500,000)

City Bond Funds - Demolition - \$2,000,000 (funding for demolition of blighted properties)

CDBG-DR - US Dept of HUD - \$21,896,000 (disaster recovery funds - to be used for projects in the tornado path) NDR - US Dept of HUD - \$17,056,880 (National Disaster Resilience Grant funds to be used for approved resilience projects)

Mass Dot - \$271,000,000 (Main Street North End - \$6,000,000; I-91 Viaduct Reconstruction - \$265,000,000)

Chapter 90 - \$3,657,832(roads)

Multiple sources for rehabilitation of Mason Square Apt 11: \$28,922,358 - Federal LIHTC Equity - \$9,500,000.00; State LIHTC - \$8,341,000.00;Federal Historic Equity - \$4,953,358; State Historic Equity - \$1,978,000.00; AHTF - \$2,500,000; DHCD – HOME - \$550,000; Permanent Debt - \$1,000,000

Multiple sources for rehabilitation of Maple Commons: \$35,010,052- Federal LIHTC Equity - \$9,122,043; State LIHTC Equity - \$10,020,547; Federal Historic Equity - \$4,905,562; State Historic Equity - \$1,978,000; AHFT - \$3,000,000 DHCD - \$550,000; Permanent Debt - \$5,383,873

Multiple sources for rehabilitation of E. Henry Twiggs Estates: \$20,231,221- Federal LIHTC Equity - \$7,716,562; State LIHTC Equity - \$5,510,000; First Mortgage - \$2,750,000; AHTF - \$1,000,000; FCF-DMH -\$450,000.00;HIF - \$500,000.00;HSF - \$1,000,000;Seller Note - \$2,476528.00;Other -

\$774,960.00; permanent debt - \$1,400,000.00

Massachusetts PARC Grant Pending - \$400,000.00 (Mary Lynch Reconstruction)

Massachusetts PARC Grant - \$450,000.00 (Van Horn Park Reconstruction)

Private Funding – MGM Springfield – \$1,000,000 (Riverfront Park Reconstruction)

Private Funding - MGM Springfield - \$800,000,000

Private Funding - BayState Health Phase 3 - \$33,000,000

Match for ESG is provided by the subrecipient agencies, which identify the amount and source of match their application to the City for program funds, and must verify the match after each grant award. ESG administrative funds are matched by the City of Springfield using CDBG funds.

The HOME program requires jurisdictions to provide 25% match for all funds spent on affordable housing. The City of Springfield's match has been reduced by 100% due to the jurisdiction's fiscal distress. HOME has no match requirement for The City of Springfield.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City of Springfield regularly becomes the owner of vacant lots and residential buildings through foreclosure for nonpayment of taxes. The City frequently uses residential vacant lots for development of new homes, and seeks new owners for ownership and management of multi-family buildings. In some instances, the City has simultaneously made buildings available with federal funds dedicated for rehabilitation, for the purpose of creating quality affordable homeownership units.

Discussion

As the City undertook planning for federal HUD funds, it took into consideration other funding sources that are available to the City to advance its goals. Springfield's Consolidated Plan uses all sources in a coordinated and leveraged way in order to achieve the best outcomes for the City.

Projects

AP-35 Projects – 91.220(d)

Introduction

On 2017-2018, the City will receive approximately \$3,492,000.00 in federal Community Development Block Grant (CDBG) and \$1,090,000.00 in HOME Investment Partnerships Program (HOME) fundiing. The City will also receive \$319,000.00 in Emergency Solutions Grant (ESG) funds and \$453,000.00 in Housing Opportunities for person with AIDS (HOPWA).

The City of Springfield has been awarded funding for CDBG-DR and CDBG-NDR. Funding has been fully committed and Action Plans are posted on the City's website.

CDBG-DR - <http://www.springfield-ma.gov/planning/index.php?id=cdbg-dr>

CDBG-NDR - <http://www.springfield-ma.gov/planning/index.php?id=ndrc>

The Annual Action Plan describes how these funds will be used. A listing of the projects to be funded in FY2018 is provided within this Action Plan, AP-35 Projects.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The City undertakes an extensive planning process every five years to produce the Consolidated Plan. The process incorporates community input, review of past programming, data and research to establish the City's medium-term priorities. Annually, the City engages the public and community partners to identify and select one-year programs that will advance the five-year goals.

The greatest obstacle to meeting the needs identified in the plan is the lack of resources needed to do so. The City strives to maximize the resources it has, through targeting and efficient programming, and it attempts to increase the resources to address the needs. The City's attempts to increase resources will include application for competitive grant funding; partnership with the private sector to achieve community goals; assistance to nonprofit agencies and private partners to enable them to compete for government and private funds; and advocacy with state administration and local legislative delegation to increase state support for priority City projects and initiatives.

The City's response is also limited by restrictions placed on available funding sources. Most significantly, restrictions on the use of CDBG funds make it difficult for the City to use these funds more broadly for job creation and job training, which are critical needs in the City.

Other obstacles to meeting underserved needs include the difficulty in addressing community problems which are regionally based, and the need to have high quality data and analysis of the City's challenges and opportunities. Springfield works to address the first obstacle by collaborating with our jurisdictional neighbors whenever possible.

AP-38 Project Summary
Project Summary Information

1	Project Name	CDBG Planning & Administration
	Target Area	Local Target Area North End/Metro Center
	Goals Supported	Economic Development Neighborhood Stabilization and Housing Community Development Homeless and Special Needs Population
	Needs Addressed	Economic Development Community Development Neighborhood Stabilization and Housing Homelessness and Special Needs Population
	Funding	CDBG: \$718,003
	Description	Funding for the planning and execution of the CDBG program; including general management and oversight, fiscal and compliance. Funding includes UMASS Design Center- \$8,000
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	N/A
2	Project Name	5A Bulldogs
	Target Area	Local Target Area North End/Metro Center
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$9,000

	Description	5A will promote youth in athletics and academics in the City of Springfield. 5A will provide young, low income people the opportunity to participate in athletics-football, basketball as well as promoting soccer, wrestling, boxing and fitness. 5A will also provide academic support programs to the youth -youth participants learn teamwork, build esteem, discipline, respect, positive attitude and listening skills. Tutoring programs will be given by college volunteers from local colleges.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Football, soccer, basketball, wrestling, cheerleading; homework help
3	Project Name	WEB Dubois Academy
	Target Area	Local Target Area
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$9,000
	Description	A Saturday program for low income boys. WEB Academy will meet on Saturdays during the academic year; Monday-Friday during the summer months. The Academy is organized and supervised by BMGS and will enhance their personal growth. The youth will access computer lab, gym and go on field trips. During the school year the program is held at the Springfield Boys & Girls Club. The program will provide supervised, organized educational and recreational activities. The summer part of the program will be held at the Church in the Acres.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	

	Planned Activities	educational field trips, college experiences, summer camp experience and tutoring
4	Project Name	Teens in Transition
	Target Area	Local Target Area North End/Metro Center
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$5,000
	Description	Boys & Girls Family Center will provide a program for teens who are transitioning out of the afterschool program to another program. The program is geared towards socialized programming and services toward continued movement towards high school graduation; improved behavior and social schools as healthy life style choices. The program runs year round.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Homework help, nutrition, team building activities, service projects, parent engagement activities-activities that have both educational and recreational components. The program provides a safe environment.
5	Project Name	Education & Literacy
	Target Area	Local Target Area
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$10,000
	Description	A literacy initiate program maintain communication with local schools to identify students in need and improve literacy skills. A balance of listening , speaking, reading and writing provides youth with opportunities to practice specific skills.
	Target Date	

	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	One on one tutoring; program includes family engagement so parents and guardians have the tools they need to be successful.
6	Project Name	Cancer House of Hope
	Target Area	Local Target Area North End/Metro Center
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$5,000
	Description	CHD provides outreach to the underserved residents in Springfield; they work with major cancer centers -D'Amour and Sister Caritas Cancer Centers. Cancer House of Hope works to brighten the lives of people with cancer and cancer survivors. CHD will collaborate to disseminate information about the program. The program includes health and wellness; support groups as well as prosthetics services. Other community agencies they provide outreach to is Caring Health Center, Gandara, Mason Square Health Center, Baystate, Brightwood Health.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Provide a Cancer education series, provide free access to services and therapy that bring comfort, care, resilience and hope to cancer patients and cancer survivors.
7	Project Name	Camp CASA
	Target Area	Local Target Area
	Goals Supported	Community Development

	Needs Addressed	Community Development
	Funding	CDBG: \$5,000
	Description	The Children's Study Home will use funds to allow for low income children to attend a summer month long camp. The funds will be used to extend camp hours and hire additional staff to help campers; especially those with special needs. CSH will provide services to children 6-12 primarily from Mason Square. The program will be an outlet for children to interact socially and let children be children.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Visit local museums, encourage literacy, by-weekly library visits for story time and sporting events. Provide an outlet for children to interact socially with their peers in a safe, healthy antibullying environment.
8	Project Name	Friends of the Homeless
	Target Area	Local Target Area North End/Metro Center
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$70,000
	Description	Clinical Support Options operates Friends of the Homeless. Friends of the Homeless is a resource center that incorporates shelter, meals, housing and services aimed towards moving people out of homelessness. Meals are served three times/day. Friends of the Homeless Program provides temporary emergency shelter and meals and creates a housing plan with clients to assist them in achieving that goal.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	

	Location Description	
	Planned Activities	Operate a resource center, shelter, supportive housing and rapid housing services
9	Project Name	Adult Basic Ed
	Target Area	North End/Metro Center
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$10,000
	Description	The Gray House will provide adult basic education services to low income adults 18 years or older who reside in Springfield. The program offers English for speakers of other language services, basic skills (reading, writing and math) tutoring and beginner English conversation classes. The program begins in September with no classes in December. There is no fee for the class. Students gaining educational skills needed to survive and succeed. The benefits for literacy students include developing decoding skills, increasing sight word vocabulary and improving comprehension. In addition, many students increase their self-confidence and leadership skills.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	GED/ESOL classes, reading, writing, math, math tutoring and beginner English classes. Program runs September-first week of June.
10	Project Name	New Life Center for Recovery
	Target Area	Local Target Area
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$7,000

	Description	GNL Center will provide services to clients; men and women in recovery; provide individual or group therapy; relapse prevention strategies, pastoral counseling, recovery coaching and peer mentoring to individuals who are recovering from substance abuse disorders or for those who are in recovery. GNLCC will offer short term housing and case management for at least 20 men and women in recovery. Clients will report and exhibit increased overall improvements in physical, emotional, psychological and spiritual health.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Outpatient services that provide stability and progress to those in recovery; group counseling, treatment planning, intervention, support, diagnosis, assessment.
11	Project Name	Senior Center
	Target Area	Local Target Area
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$4,000
	Description	Hungry Hill Senior Center will provide direct services to seniors- recreational and social services are provided. The Center will offer health screenings, foot care services, fitness programs, crafts, flu clinics. Information will be given to seniors on fuels assistance, food stamps and brown bag lunches.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Health screenings, trips, speakers- nutrition, Reflexology

12	Project Name	College & Career Readiness
	Target Area	Local Target Area
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$5,000
	Description	College & Career Readiness is designed to deliver group mentoring, financial literacy training and college/post-secondary vocational program exposure aligned with other career readiness efforts to 100 youth between the ages of 13-16 who will engage in a more comprehensive and deliberate academic enrichment, tutoring and 2-4 year college readiness system of programming.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Youth will be connected to academic assessments, tutoring, college tutoring, college tours, job skill development, employment readiness programs and related opportunities. Young people will improve their communication skills, experience and increased sense of self worth and improve their ability to think critically; problem solve and take responsibility for their own actions.
13	Project Name	Women's Health
	Target Area	Local Target Area
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$5,000
	Description	MLK will work with women to help address literacy and health disparities. The initiative is designed towards literacy and health disparities. The program will collaborate with community partners that have literacy and health disparities.
	Target Date	

	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Address literacy and health initiative disparities among women.
14	Project Name	Fair Housing Project
	Target Area	Local Target Area North End/Metro Center
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$6,000
	Description	MFHC provides fair housing education to low income persons in Springfield; they will hold FTHB workshops, provide fair housing legal advocacy to residents of the City of Springfield; comprehensive fair housing education potential victims of discrimination and homelessness; focusing on low income, minority, recent immigrants , disabled persons and especially households with children. MFHC will conduct a minimum of 100 phone audit tests to test for housing discrimination based on linguistic profiling and take enforcement action as appropriate.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	FTHB workshops, fair housing legal advocacy, phone audits, landlord workshops and education.
15	Project Name	Magazine Commons Community Center
	Target Area	Local Target Area
	Goals Supported	Community Development
	Needs Addressed	Community Development

	Funding	CDBG: \$8,000
	Description	MHA, Magazine Commons Community Center, will provide structure guidance and support needed for clients pursue their goals. Participants will increase their self esteem, improve skills building in nutrition, wellness, fitness and become more employable. Activities held at the Community Center will help participants achieve positive movement through the stages of risk as measured by the milestones of recovery scale. The Center will provide these services to persons with disabilities who are MHA participants.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Recreation and therapeutic services to people with disabilities.
16	Project Name	TRACKS Program
	Target Area	North End/Metro Center
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$10,000
	Description	The TRACKS Program targets at risk youth ages 13-19 who are not engaged in other programs. The teen program is offered after school until 6:00 PM for 42 weeks during the academic year, Monday-Friday. Youth are given the opportunity to stay connected in positive out of school activities. The program will focus on decreasing the use of alcohol, tobacco, media advocacy, education and other environmental strategies to involve others in bettering our community. Participants will learn alternative decision making strategies by utilizing tools that promote and increase in positive peer interactions as measured by self reports, observations and pre and post test surveys. Participants will have independent academic assessments, homework help and college and career exploration will be offered and tracked by level of participation as measured by attendance and report cards.
	Target Date	

	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Park clean ups, graffiti clean up, drug-free events, skill building activities
17	Project Name	Hands In Labor
	Target Area	North End/Metro Center
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$15,000
	Description	NNCC will expand staffing capacity to meet the growing need for job development skills and job search assistance, as well as provide education around resources that are available for job placement. They will complete intakes and develop individualized plans; work with the participants who need employment training or job placement assistance, Hands in Labor will secure job placement. The program expects to establish linkages with area institutions of higher education to support students in accessing educational training and completing their college programs of study. The programs will establish relationships with REB, Future Works and area businesses to develop a plan and providing workplace education programs. Manos a La Obra will provide employment and training assistance with support services and job placement.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Education, support guidance, planning and workplace education programs.
18	Project Name	Academic Achievers & Summer
	Target Area	North End/Metro Center

	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$10,000
	Description	Youth will participate in academic and skill building activities as well as community service, special events and field trips. Participants will be tracked during the academic year. Participants will learn how to work on projects that enhance their perception and understanding of how things work intricately. The program will serve 50 youth during the summer months. The program will be held at Gerena School.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Youth will learn the importance of staying in school, academic importance, community involvement, education and community pride and college exploration.
19	Project Name	Homeless Prevention
	Target Area	North End/Metro Center
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$15,000
	Description	NNCC will provide essential housing supportive case management services; housing advocacy, support and follow up homeless and at risk of becoming homeless individuals. NNCC will provide bilingual/bicultural housing resource services and immediate crisis intervention. NNCC will refer individuals to on-going case management that includes housing information, placement, advocacy and follow up.
	Target Date	

	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Case management, follow up with participants, housing assistance, application assistance-welfare, food stamps, health insurance assistance, translation
20	Project Name	Recovery Support Program
	Target Area	North End/Metro Center
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$20,000
	Description	NNCC will provide supportive services to individuals who are released from substance abuse programs and working towards maintaining their recovery. NNCC will provide prevention education trainings to individuals in recovery. Services are available during the evenings and weekends.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	Recovery support services, non clinical, culturally competent recovery support services, build relationships with clients.
21	Project Name	ESOL Program
	Target Area	North End/Metro Center
	Goals Supported	Community Development
	Needs Addressed	Community Development
	Funding	CDBG: \$20,000

	Description	NNCC will provide English instruction to low income adult learners. The program will support adult learners of low to moderate socioeconomic status in their efforts to gain greater proficiency in English. Improved efficiency in English will increase student's access to opportunities and encourage greater involvement in the community and their neighborhood. The students enrolled in the program will be at least 18 years of age and have low English proficiency and will have spoken another language other than English as their primary or first language.

	Description	Funding for River Valley to provide rental assistance and support services to households impacted by HIV/AIDS.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
	Planned Activities	N/A
62	Project Name	2016-2019 Cooley Dickinson MAH17F002 (CD)
	Target Area	Local Target Area North End/Metro Center
	Goals Supported	Homeless and Special Needs Population
	Needs Addressed	Homelessness and Special Needs Population
	Funding	HOPWA: \$465,095
	Description	Funding for Cooley Dickinson to provide rental assistance and support services to households impacted by HIV/AIDS.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	
63	Planned Activities	Rental assistance, short term subsidies and support services to households impacted by HIV/AIDS
	Project Name	Youth Swim & Safety Program
	Target Area	Local Target Area
	Goals Supported	Community Development

Needs Addressed	Community Development
Funding	CDBG: \$7,500
Description	The Boys & Girls Club will provide opportunities for youth ages 6-18 to increase their level of knowledge regarding swim and safety as well as provide a safe, nurturing environment in which the youth can discover a passion for the water. Scholarships may be available for some of those who are unable to pay.
Target Date	
Estimate the number and type of families that will benefit from the proposed activities	
Location Description	
Planned Activities	Provide a safe, nurturing environment, practice safety, help guide children through new experiences in the water, create aquatic confidence.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City of Springfield will expend its CDBG allocation predominately within the Local Target Area, made up of census block group areas made up of 51% or more low/moderate income population. The City estimates that it will spend more than 85% of its CDBG funds within the City's CDBG target area. Of 17 City neighborhoods, six are entirely CDBG eligible and ten are partially eligible. Within the Low-Mod CDBG-eligible areas, most of the neighborhoods contain concentrations of low-income households, and greater than average rates of minorities.

Since 2015, the City has designated the North End/Metro Center as a Neighborhood Revitalization strategy Area (NRSA), which is an area the City has selected for more concentrated investment of resources. The NRSA is a Racially/Ethnically Concentrated Area of Poverty (R/ECAP), which means that it has a poverty rate over 40% and more than 50% of the population is non-white. The NRSA is an area of persistent poverty, meaning that it has had over 20% of its population living in poverty for at least the past 30 years.

Geographic Distribution

Target Area	Percentage of Funds
Local Target Area	85
North End/Metro Center	15

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Springfield's investment of CDBG funds is based on whether the activity falls within a City funding priority, whether the service is an eligible activity, and whether the service or need meets a national objective. In addition, the activity must meet one of the following CDBG objectives: (1) provide a suitable living environment; (2) provide decent housing; and (3) provide economic opportunity.

Resources are allocated to maximize the benefits to residents within target areas. While public infrastructure, parks, open space, and public facility type projects are exclusively within targeted areas, other strategic investments are made for the benefit of low- and moderate-income residents throughout the City. In order to meet high priority needs of the community such as job creation and economic development, it may be necessary to invest outside low/moderate census tracts.

HOME Investment Partnership Funds (HOME) may be utilized to rehabilitate rental housing, directly assist homebuyers, provide tenant-based rental assistance, and produce and/or preserve affordable housing citywide.

Public investments of federal and other funds will be in direct response to priority needs that are detailed at length throughout the Consolidated Plan. The needs were identified through consultations with community stakeholders, input directly from residents, and assessment of relevant data and existing plans.

ESG and HOPWA funds are targeted to meet the identified needs of the eligible populations within the geographic area. For ESG, the service area is the City of Springfield. Investments are made in accordance with relative priority and statutory spending caps. HOPWA funds are allocated throughout the EMSA which includes the tri-county area. HOPWA funds are allocated primarily to alleviate the housing cost burden for eligible households.

Discussion

A key strategy that the City uses to concentrate its investments of federal resources into neighborhoods is designation of a Neighborhood Revitalization Strategy Area (NRSA). NRSA designation enables the City to plan for and target multi-year concentrated investment in a single area, with the goal of creating lasting change in the neighborhood. The City began using NRSA designation in 2005, with three NRSA: North End, South End, and Six Corners/Old Hill.

In June 2011, two of the NRSA (South End and Six Corners/Old Hill) were hit by an EFS-3 tornado, which caused extensive damage. The City received an award of \$21,896,000 CDBG-DR funds in March 2013, and is investing the bulk of these funds in these neighborhoods, pursuant to a community-wide planning process undertaken following the disaster. Springfield has also been awarded \$17 million in the National Disaster Resilience Competition in 2016, and these funds are similarly being targeted to the City's most low-income neighborhoods, specifically, the South End, Old Hill/Six Corners, the North End, Liberty

Heights, and Metro Center.

The 2010 Census indicates that Springfield has eight census tracts that are Racially/Ethnicly Concentrated Areas of Poverty (R/ECAPs), which means that they have a poverty rate over 40% and more than 50% of the population is non-white. These are census tracts are located in the Six Corners, South End, Metro Center, North End and Liberty Heights (partial) neighborhoods. The City considers that these areas are particularly in need of focused investment.

Because of the large disaster recovery investments being made throughout Springfield's R/ECAP neighborhoods, the City amended its NRSA designation in 2015 to focus on the R/ECAP neighborhoods that were not extensively damaged by the 2011 tornado, and also made the area smaller. It is now made up of R/ECAP census tracts in the North End and Metro Center. The NRSA designation supports the City's targeted investment in these census tracts, along with investment in social service and employment training targeted to residents of these neighborhoods.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City will improve the quality of the City's housing stock and undertake coordinated development projects in order to revitalize its most distressed neighborhoods. The City will preserve and expand housing options for residents to access safe, sanitary, and affordable homes.

One Year Goals for the Number of Households to be Supported	
Homeless	152
Non-Homeless	151
Special-Needs	55
Total	358

Rental Assistance	207
The Production of New Units	3
Rehab of Existing Units	48
Acquisition of Existing Units	100
Total	358

Table 10 - One Year Goals for Affordable Housing by Support Type

Discussion

The City's FY2017-2018 goals for providing affordable housing include the following activities:

- Homeless: Prevention/Rapid rehousing - 110 households (ESG); Permanent supportive housing - 42 households (HOME TBRA)
- Non-Homeless: New homeownership units - 3 (HOME CHDO); Rehab of existing units - 48 (HOME, CDBG); Downpayment assistance - 100 (HOME)
- Special Needs - Prevention/Rapid Rehousing/HIV-AIDS - 40 (HOPWA); Permanent supportive housing- 15 households (HOPWA TBRA)

The City of Springfield has been awarded funding for CDBG-DR and CDBG-NDR. Funding has been fully

committed and Action Plans are posted on the City's website.

CDBG-DR - <http://www.springfield-ma.gov/planning/index.php?id=cdbg-dr>

CDBG-NDR - <http://www.springfield-ma.gov/planning/index.php?id=ndrc>

AP-60 Public Housing – 91.220(h)

Introduction

The City of Springfield and the Springfield Housing Authority (SHA) coordinate to provide housing to the City's most vulnerable populations, to enhance quality of life for SHA tenants, to improve neighborhoods where low-income residents live, and to improve quality housing opportunities for all persons, regardless of race, ethnicity, religion, family status, disability or other protected status.

Actions planned during the next year to address the needs to public housing

During 2017-2018, the City and SHA will:

1. Use CDBG funds to create a computer learning center at one of SHA's largest family complexes.
2. Relocate tenants from the distressed Marble Street Apartments, and sell the property to the City, which will use it to enhance community center space in the South End's Outing Park neighborhood. The relocation effort will include mobility counseling for residents, who are being provided section 8 voucher assistance to move to locations they choose. These actions have been planned by the community pursuant to a HUD-funded Choice Neighborhoods Transformation plan.
3. SHA will complete construction of two handicap-accessible duplexes on Central Street, developed to replace units destroyed in the 2011 tornado.
4. The City and SHA will continue to collaborate on the City/SHA Housing First program for chronically homeless individuals and families. In this program, SHA makes available project-based section 8 assistance to households that meet the definition of chronically homeless, and the City provides case management to the people living in the units.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

1. SHA will continue its active promotion and implementation of its section 8 homeownership program, the largest program of its type in Massachusetts.
2. The City will continue to incorporate SHA's section 8 homeownership program into its Buy Springfield Now program, which provides incentives for homebuyers to purchase in Springfield.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

SHA is not designated as troubled and it is not a poorly functioning housing authority. It is currently

under very strong management

Discussion

The City and SHA will continue to explore development, homeownership and neighborhood stabilization opportunities, and the City will continue to work with the SHA to ensure fair housing practices and continue to be included as part of SHA programs.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City of Springfield administers the Springfield/Chicopee/Holyoke/Westfield/Hampden County Continuum of Care, which undertakes strategic planning for providing homelessness services and working to reduce homelessness. The City also has a Ten-Year-Plan to End Chronic Homelessness, "Homes Within Reach", which guides the City and the CoC.

The CoC is participating in the national Built for Zero (formerly Zero 2016) campaign, sponsored by Community Solutions and focused on building out the systems needed to end veteran homelessness and chronic homelessness.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

1. Expand the number of community partners who are aware of and can screen people for the Continuum of Care's Coordinated Entry System, which is a single means of access to CoC-funded permanent supportive housing units. While continuing current collaborations with Project Hope (a police-crisis team outreach effort), the regional PATH program, Health Care for the Homeless, and emergency room social worker staff, expand partners to include additional hospitals, corrections, and detox facilities. The goal is to screen all unsheltered and chronically homeless individuals using the vulnerability index-service prioritization decision assistance tool (VISPDAT), and use VISPDAT assessments and housing navigation to improve rapid access to appropriate housing.
2. Continue regular case conferencing meetings for homeless veterans and chronically homeless persons. These case conferencing meetings bring outreach, shelter, and PSH providers together to work from a by-name list of homeless veterans and chronically homeless persons and to work steadily to house each one.
3. Monitor CoC providers to ensure compliance with commitments to target new and turnover permanent supportive housing units to chronically homeless persons and persons who are currently unsheltered.

Addressing the emergency shelter and transitional housing needs of homeless persons

1. Provide funding to existing emergency shelter facilities to assist them in meeting the community need for year-round shelter beds and daytime resource center services.
2. Provide support to the community's transitional housing program for youth which has lost HUD

funding as of August 2017, with the goal of converting the program to a new model for serving homeless youth.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

1. Provide ESG funding for assessment and development of individualized housing plans.
2. Use ESG to fund rapid rehousing financial assistance and services; seek other funding sources, including state funds, for the same purpose.
3. Continue to use HOME and HOPWA funds for TBRA to provide permanent supportive housing to people who have experienced homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

1. Provide ESG funds for prevention assistance and services; seek other funding sources, including state funds, for the same purpose.
2. Continue to work with the Western Mass Network to End Homelessness to monitor compliance with state discharge plans and locally-created discharge protocols.

Discussion

In 2017, Springfield is focusing considerable effort on achieving the goal of ending veteran homelessness. The City made significant progress in 2015 and 2016, and the number of homeless veterans dropped by 63% between the 2015 and 2017 point-in-time counts. There were only 14 homeless veterans identified in the 2017 count.

The City is also focusing on the chronically homeless population in 2017, in an effort to meet the federal goal of ending chronic homelessness by the end of 2017. The City is using a by-name list of chronically homeless individuals and providers are working steadily to house everyone on the list.

AP-70 HOPWA Goals– 91.220 (I)(3)

One year goals for the number of households to be provided housing through the use of HOPWA for:	
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family	60
Tenant-based rental assistance	26
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	0
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	0
Total	86

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Springfield policies of zoning, land use, and public financing, combined with the City's status as a weak housing market, has made it attractive for development of affordable housing. Zoning ordinances allow for the creation of multi-family structures in four different zoning areas; combined, these areas comprise more than a third of all residential zoned parcels in the city, and include parts of all of the City's 17 neighborhoods. The City uses its tax title program and federal funds to develop affordable homeownership opportunities. The City maximizes its federal and state funding to preserve and redevelop existing affordable housing. The City provides down-payment assistance and eligible forms of development subsidies to expand affordable homeownership.

The City's history of low barriers to development of affordable housing has resulted in a concentration of low-income housing in the City. According to the Commonwealth of Massachusetts' Department of Housing and Community Development, Springfield ranks 5th in the state, with 17.4% of its housing stock dedicated to affordable housing. In addition, the 2014 *Pioneer Valley Regional Housing Plan*, completed as part of a HUD-funded Sustainable Communities Regional Planning Initiative, indicates that 60% of all Section 8 mobile housing voucher households in the Springfield metropolitan area use their voucher assistance within the City of Springfield. The City estimates that 55% of all renter households in Springfield are in public or subsidized housing or receive Section 8 voucher assistance.

The lack of barriers to affordable housing in Springfield (combined with the existence of barriers in communities outside the City) has contributed to racial segregation in the region. Springfield updated its *Analysis of Impediments to Fair Housing (AI)* in 2013, and this analysis noted how the concentration of affordable housing in Springfield, and the lack of affordable housing outside Springfield, are major contributors to the status of the Springfield Metropolitan Area as the most segregated metro in the nation for Hispanic-White segregation, and the 22nd most segregated for Black-White segregation. Springfield is a minority-majority City with overall low incomes, adjacent to higher-income suburban communities which are predominantly white. The 2014 *Knowledge Corridor Fair Housing and Equity Assessment*, completed as part of a HUD-funded Sustainable Communities Regional Planning Initiative, identifies several factors related to housing policy which have contributed to segregation: concentration of public and subsidized rental housing in urban areas, exclusionary zoning, and the history of redlining and use of restrictive covenants.

The large stock of affordable housing is a contributing factor to a lack of tax base in the City, which makes it more difficult for the City to provide high-quality public services to community residents. Increasing taxes, or providing a less than ideal level of services, drives people with resources out of the City, which further contributes to City decline.

Springfield has eight census tracts which meet the definition of racially/ethnically concentrated areas of

poverty--areas in which the poverty rate exceeds 40% and the non-white population exceeds 50% (US Census 2010). Research indicates that these neighborhood characteristics have detrimental impact on resident health, education and employment outcomes.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City does not have in place these types of policy barriers to affordable housing, and has affordable housing units in every neighborhood of the City. However, Springfield has collaborated with the Pioneer Valley Planning Commission to create a regional housing plan, and the plan identified these types of barriers in many of the areas surrounding Springfield. The City continues to serve on the regional planning committee as it attempts to identify ways to remove or ameliorate these barriers throughout the region.

Springfield is taking the following steps to ameliorate the impacts of the segregation that has resulted from the City's concentration of affordable housing: **People-Based Strategies:** 1. The City funds the Massachusetts Fair Housing Center, which provides assistance to people who have experienced housing discrimination and educates the public about fair housing laws. 2. Springfield provides its down payment assistance throughout the City; data indicates that the program enables minority households to access higher opportunity neighborhoods within the City. 3. The City funds homeownership development, which data indicates assists households made up of people of color to become first-time homebuyers and build family assets. 4. The City provides homebuyer education classes in Spanish. **Placed-Based Strategies:** 1. The City's Buy Springfield Now program encourages investment in all Springfield neighborhoods, and the City actively encourages development of market-rate housing in distressed neighborhoods. 2. The City focuses redevelopment funds toward neighborhoods that are racially/ethnically concentrated areas of poverty, seeks additional competitive funds to support those neighborhoods (for example, Choice Neighborhoods Initiative, Byrne Criminal Justice Initiative, Promise Zone designation), and pursues programming that brings opportunity to these neighborhoods, including focused jobs programs. 3. The City generally does not support applications seeking to add affordable rental housing to its stock, because the addition of more affordable housing within the City while there is limited or no development of affordable housing outside the City, these uneven development patterns serve to further enforce the region's high level of segregation. The City makes exceptions to this policy to fund replacement of housing that has been destroyed (such as units destroyed in the 2011 tornado), or where development is an integral part of an overall neighborhood revitalization strategy. The City supports rehabilitation of existing rental stock, much of which is located in areas meeting the criteria for racially/ethnically concentrated areas of poverty and is distressed and in need of upgrading. **Linkage Strategies:** 1. SHA has initiated a mobility program for Section 8 housing choice voucher holders to encourage moves to high opportunity areas. 2. Both the City and the SHA have active Section 3 employment programs, which link low income residents to employment opportunities created by HUD

funding.

Discussion:

Specific programs/actions the City is taking to affirmatively further fair housing in 2017-2018 include:

- Initiation of a Healthy Homes Rehabilitation Program (funded with CDBG-NDR) in two census tracts which are Racially/Ethnically Concentrated Areas of Poverty (R/ECAPs) and have high levels of residents with asthma and lead poisoning, and high rates of code enforcement violations
- Targeting of HOME Investment Partnership Program funds for Community Housing Development Organizations (CHDOs) to develop affordable homeownership units in the same two census tracts
- Construction and healthy homes employment training (funded by CDBG-NDR) targeted toward residents of the City's lowest-income neighborhoods
- Redevelopment of the Calhoun and Van Horn parks, located in/bordering on R/ECAP neighborhoods
- Use of CDBG-NDR to create major sources of clean energy within two R/ECAP neighborhoods (Hydropower at the Watershops dam, and Co-Gen at Baystate Medical Center)
- Provision of first-time homebuyer/downpayment assistance, which historically has funded high rates of Latino and Black homebuyers, and enables them to purchase homes throughout all City neighborhoods
- Funding of proactive code enforcement, the 'clean and lien' program, and acquisition/disposition of tax title properties, all of which are extremely active in the R/ECAP census tracts and are part of the City's strategy to stabilize and revitalize those areas
- Targeting of the HUD 108 business loan program to the Metro Center dining district, with the goal of increasing job opportunities and neighborhood revitalization in that R/ECAP area

AP-85 Other Actions – 91.220(k)

Introduction:

The City continues to prioritize neighborhood stabilization and responding to foreclosures. Springfield is focused on emergency home repairs, addressing blighted homes (rehabilitation/redevelopment, disposition of tax title properties, demolition, code enforcement) and encouraging buyers to purchase in Springfield (homebuyer education, down payment assistance). When existing homes are abandoned, the City boards and secures the home to keep property and the neighborhoods safe. Springfield also administers a "clean and lien" program where the City clears abandoned properties and places a lien to secure the cost.

Actions planned to address obstacles to meeting underserved needs

The greatest obstacle to meeting the needs identified in the plan is the lack of resources needed to do so. The City strives to maximize the resources it has, through targeting and efficient programming, and it attempts to increase the resources available to address the needs. The City's attempts to increase resources will include:

- Application for competitive grant funding;
- Partnership with the private sector to achieve community goals;
- Assistance to nonprofit agencies and private partners to enable them to compete for government and private funds;
- Advocacy with state administration and local legislative delegation to increase state support for priority City projects and initiatives.

The City's response is also limited by restrictions placed on available funding sources. Most significantly, restrictions on the use of CDBG funds make it difficult for the City to use these funds more broadly for job creation and job training, which are critical needs in the City. Other obstacles to meeting underserved needs include the difficulty in addressing community problems which are regionally based, and the need to have high quality data and analysis of the City's challenges and opportunities. Springfield works to address the first obstacle by collaborating with our jurisdictional neighbors whenever possible. The City has done this effectively in the area of homelessness, where it has been a leader in creating the Western Massachusetts Network to End Homelessness, which advocates and implements a regional response to homelessness.

Actions planned to foster and maintain affordable housing

Widespread poverty and the City's aged housing stock create an enormous demand for safe, affordable housing. However, the City's high concentration of poverty, associated social and public safety rental units in the City may have negative consequences in terms of providing existing City residents with economic opportunity and fair housing choices. The City's primary response to the need for safe

affordable housing in the City is funding for preservation and rehabilitation of existing affordable housing stock, and initiatives which support affordable homeownership opportunities. In 2017, the City is initiating a new program, funded by CDBG-NDR, to improve the condition of the City's 1-4 unit housing stock through rehabilitation and healthy homes interventions. The City uses HOME funds to provide tenant-based rental assistance, a strategy that both supports housing affordability and addresses the concentration of poverty (tenants may use the vouchers to live in or out of the City). The City encourages its partner agencies and municipalities to assist in simultaneously addressing affordability and concentrated poverty through use of mobile housing resources such as Section 8 vouchers, and through creation of affordable housing throughout the Springfield metropolitan area.

The City's Development Services Division actively promotes the development of collaborations and partnerships with both non-profit and for-profit builders, developers, and other interested parties for the purpose of increasing the capacity for the development of housing opportunities of all types in Springfield. Through collaboration and increased capacity, the Division seeks to position the City to receive additional housing resources.

Actions planned to reduce lead-based paint hazards

Specific actions the City will take to evaluate lead-paint hazards during the Annual Plan period will include:

- City Code Enforcement inspections to evaluate potential hazards in units where children under six reside and to enforce remediation in compliance with Massachusetts lead laws.
- Aggressive enforcement, including—as necessary—legal prosecution of property owners who fail to comply with orders to remediate hazards.
- Mandatory pre-rehabilitation lead testing including soil samples for all HOME-funded project-based homeownership and multi-family production programs. Collaboration with Springfield's Green and Healthy Homes Initiative to evaluate lead paint hazards in homes.

Specific actions to reduce the number of housing units containing lead-based paint hazards will include:

- Mandatory remediation within rehabilitation specifications for all project-based and multi-family projects.
- Referral of property owners to state-funded lead abatement programs and use of National Disaster Resilience funds for lead abatement.

In compliance with Title X, the City has integrated lead hazard controls into all housing policies and programs. Federal requirements for evaluating and remediating lead hazards are fully incorporated into the City's protocol for housing rehabilitation.

Actions planned to reduce the number of poverty-level families

The City's anti-poverty efforts focus on three broad categories: increasing education and literacy; increasing employment and training opportunities; and increasing household assets.

Many low-income adults lack the education and English language proficiency needed to support their efforts to attain self-sufficiency. In order to assist individuals in overcoming these barriers, the City provides funding for Adult Basic Education, GED and English Language classes. In FY 17-18, the City will support the following adult education programs; NNCC, The Gray House and the YWCA serving 170 people.

Within the City, there is a mis-match between the jobs available and the skill levels of local residents; the problem is even more pronounced with regard to youth. In FY 17-18, the City will support education, employment and job training opportunities for at-risk persons in the following programs: YWCA and NNCC . YMCA works to increase education and literacy. YMCA provides an onsite construction, GED academic and job skills training placement program increasing employment and training opportunities. The YouthBuild Program benefits minority young people between the ages of 17-24 living in the Springfield community searching for a path to economic self-sufficiency. YouthBuild provides education, employment and leadership skills while expanding the supply of affordable housing by teaching these young adults to build and rehabilitate housing for low income and homeless persons.

The City will, in its projects and through contractual relationships with subgrantees, ensure compliance with the provision of Section 3 of the Housing and Urban Development (HUD) Act of 1968, which helps foster local economic development, neighborhood economic improvement, and individual self-sufficiency by assuring that job training, employment, and contracting opportunities will be made available for low- or very-low income residents in connection with projects and activities in their neighborhoods.

Actions planned to develop institutional structure

Through a cabinet of departments that includes Office of Community Development, Office of Housing, Office of Neighborhood Services, and the Office of Economic Development and Planning, the City continues to enhance the coordination of the delivery of services and in the development of low- and moderate-income areas regardless of project funding sources. The major institutional focus is to project completion.

In 2015, the City participated in the National Disaster Resilience Competition (NDRC), which resulted in learning and collaboration by multiple City departments and community partners about preparing for the impacts of future disasters, and making Springfield a more resilient City. The NDRC team expects this experience will have lasting impact on the City's approach to infrastructure and other projects, particularly because the City was awarded \$17 million of NDR funds to implement some of its resilience strategies. One outcome of the competition is the City's collaboration with the Pioneer Valley Planning Commission, Partners for a Healthier Community and the Springfield Climate Justice Coalition to create a comprehensive climate change plan for the City and a single web site which will collect local

information about climate change and actions to reduce greenhouse gases.

As the lead entity for the Springfield/Chicopee/Holyoke/Westfield/Hampden County Continuum of Care, the City administers all CoC grants. It was awarded Unified Funding Agency (UFA) status in 2017, recognizing that it meets CoC organizational, fiscal, programming, and monitoring requirements, and providing the CoC with increased flexibility.

In 2017, the City is participating with multiple community agencies in the Green and Healthy Homes Initiative. This collaboration is expected to improve capacity to respond to environmental causes of health, including asthma triggers and lead paint.

Actions planned to enhance coordination between public and private housing and social service agencies

The City seeks to enhance coordination between public and private housing, health, and social service agencies through multi-disciplinary/multi-agency task forces and teams that focus on particular issues or neighborhoods. Some of these teams that will be active during FY17-18 are: the Green and Healthy Homes Initiative; the Western Massachusetts Network to End Homelessness; C3 Initiatives in the North End, South End, Mason Square and lower Forest Park; and the BUILD Health initiative in Old Hill.

Discussion:

Springfield and its collaborating partner agencies strive to create collective impact for City residents through a number of multi-disciplinary initiatives. The City's experience with these initiatives is that they enable the City to achieve greater results than singular programs achieve on their own. With insufficient resources for the City to address its housing, community development, and economic development needs, the City must be creative, flexible, and collaborative in order to have the most impact.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	90.20%

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The City of Springfield will not use forms of investment for the HOME Program during this fiscal year other than those described in 92.205(b).

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The City of Springfield's HOME Program funds two types of homebuyer activities--1) Downpayment Assistance and 2) Project-Based Homeownership-Homeowner Subsidy. The City applies the same Resale/Recapture guidelines for both programs. However, the length of the affordability period differs, depending on the amount of assistance provided. The City's Downpayment Assistance program does not provide more than \$5000 per recipient, and the affordability period is capped at 5 years. In the Project-Based Homeownership program, the period of affordability varies from 5 to 15 years, depending on the amount of the direct subsidy provided to the homebuyer (up to \$14,999 = 5 years; \$15,000-39,999 = 10 years; \$40,000 or over = 15 years). The direct subsidy is the amount that writes down the purchase price to an amount the eligible homebuyer can afford (based on mortgage amount they qualify for); it is calculated as the difference between the home's appraised value and the property sale price.

The City's Resale/Recapture guidelines are:

- In the event the Homebuyer continues to own the property but fails to maintain it as a principal place of residence for the term of the Affordability Period, the entire amount of loaned funds shall be due and payable.
- In the event that the Homebuyer's interest in the property is sold, conveyed, transferred or assigned (in whole or in part) by the Homebuyer within the Affordability Period and the Homebuyer has provided the City with written notice at least 30 days prior to the sale, conveyance, transfer or assignment of the property, a portion of the loaned funds shall be due and payable. The no-interest loans have a declining balance which decreases in a pro-rata percentage for each year of the loan--for example, the balance of a 5-year loan declines by 20% per year. The amount of the loan that has not been reduced is what is due and payable in this circumstance. However, in the event that the Homebuyer fails to provide 30 days advance notice to the City, the entire amount of the loan is due and payable.
- All recapture amounts are capped at available net proceeds from the sale of the home.

Downpayment assistance loans are secured by a second mortgage on the property. Project-Based Homeownership direct subsidy loans require a deed rider that describes the specific recapture provisions of the HOME program and puts the buyer on notice of their responsibilities upon purchasing the HOME-assisted property.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

During the affordability period (absent any other violations of the Deed Rider) the homeowner may sell to any third party with the following recapture provision:

- Homebuyer shall repay the Assistance Amount (defined below) reduced by one- (fifth, tenth or fifteenth-- however long the duration of the deed rider is) for each full year that has elapsed from the date of this Deed Rider until the date of such sale; OR
 - The Assistance Amount shall be defined as the Direct Subsidy to the homebuyer. This includes financial assistance that reduces purchase price for homebuyer below market or otherwise subsidizes the homebuyer (i.e. down payment loan, closing cost assistance, etc.)
4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City does not intend to use HOME funds for refinancing.

**Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

The City's written standards for providing ESG Assistance are as follows:

- Must meet definition of homeless as defined in 24 CFR § 576.2, including imminently at risk of homelessness.
- Case files must include a completed eligibility form and certification (which meets HUD specifications) that the household meets the eligibility criteria.
- Household must have a connection to Springfield.
- For each individual and family determined ineligible to receive ESG assistance, the record must include documentation of the reason for that determination. Records must be kept for each program participant that document: the services and assistance provided to that program participant; compliance with requirements under 24 CFR §§ 576.101-106, 576.401 (a) and (b), and 576.401 (d) and (e); and, where applicable, compliance with the termination of assistance requirement in § 576.402.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The CoC has established a tiered coordinated assessment system for homeless and at risk standardized assessment and referral, as well as a ranking of people eligible for permanent supportive housing (PSH) which prioritizes those who have the highest service need and longest lengths of stay in homelessness.

The tiered assessment tools used as part of the coordinated system are:

- Prevention Assessment Tool, used to prioritize households seeking prevention financial assistance
- Diversion Questionnaire, used to determine whether a household may be able to avoid shelter use by accessing another safe housing option
- Vulnerability Index-Service Prioritization Decision Assistance Tool (VISPDAT), Transition-Age-Youth (TAY) VISPDAT and Family VISPDAT, used to prioritize among people eligible for permanent supportive housing (PSH)
- The tools provide guidance to appropriate standard referrals. Information from the VISPDAT is entered into the online secure Homelink tool, which is used by the case conferencing REACH meetings to fill vacancies in PSH based on length of homelessness and level of service needs. Vacancies in CoC PSH units are filled through referral from Homelink/REACH.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The City's FY17-18 allocation is \$314,406; the City will retain \$23,580 of that amount for administrative costs. The balance of \$290,826 is allocated using a Request for Proposals (RFP) process led by the Springfield Office of Housing. The RFP was advertised in the local newspaper, posted on the website of the Springfield-Hampden County Continuum of Care (<https://springfieldhampdencoc.wordpress.com/2017/02/02/rfp-for-springfields-emergency-solutions-grant-esg-program-available>), and sent by email to the members of the Continuum of Care. The selection committee consisted of City Staff and members of the CoC.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The City of Springfield is unable to directly meet the requirement that it have a homeless or formerly homeless individual on its policy-making Board of Directors, because the City's policy is made by elected officials. The City meets its requirement to include homeless or formerly homeless individuals in considering and making policies and decisions regarding ESG-funded facilities, services, or other assistance through extensive participation in and consultation with the Springfield Continuum of Care, an entity that includes formerly homeless individuals as members. The City also requires each subrecipient to meet the ESG homeless participation requirements.

5. Describe performance standards for evaluating ESG.

ESG performance standards vary by type of program as follows:

Prevention - Utilization: 100%, Exit Data Captured: 90%, Remain in housing or more to other permanent housing: 95%, Missing data elements: no more than 3%

Emergency Shelter - Average length of stay: decrease by 5%, Exit data captured: 30%, Exits to PH: 20%, Missing data elements: no more than 5%.

Rapid Rehousing - Utilization: 100%, Literally homeless at entry: 100%, Exit data captured: 90%, Received non-cash benefits: at least 90%, missing data elements: no more than 5%.

Springfield's ESG program is well-coordinated with and integrated into the Springfield/Chicopee/Westfield/Hampden County Continuum of Care. The programs work together, as well as with many other community programs, to provide a coordinated system which provides prevention, outreach/engagement, emergency shelter, and housing options for people experiencing homelessness. Springfield and the CoC are focusing current efforts on ending veteran and chronic homelessness by the end of 2018.

Citizen Participation Comments

Hearing 1: January 18, 2017, Rebecca Johnson, 55 Catherine Street

Attendees:

Cathy Buono, City of Springfield, Office of Community Development

Lori Santaniello, City of Springfield, Office of Community Development

Julisa Davila-Ramos, Office of Housing

Ms. Buono opened up the meeting by explaining the process. The meeting is a way to gather public input/citizen comments as to how the public would like to see the upcoming Entitlement Funds spent and Action Plan process. It is required by HUD to hold public meetings to obtain comments and input during the Action Plan process to see how citizens want these funds allocated.

The City receives Entitlement funds every year. These funds have not been announced as of yet. We are anticipating that the funds will be level.

Examples of funding are public services activities which funding is capped at 15%- the City cannot spend more than 15% for public service activities. Some the eligible public service activities are serving youth, elderly, homeless, disabled, substance abuse, afterschool programs, etc. Ms. Buono explained that these programs should already be in place and running in order to apply for funding. The RFP for public service activities will be released on February 1, 2017.

All written comments are due by February 9, 2017 on the Action Plan process and 2017-2018 funding ideas. All comments on the RFP will be accepted through February 15, 2017. All comments should be sent to cbuono@springfieldcityhall.com.

Ms. Buono explained that Parks and DPW get substantial amounts of money to upgrade parks, streets/sidewalks. These projects will complement other CDBG projects in target neighborhoods.

Participants at the hearing were inquiring about the status of the MCDI Building located on Wilbraham Avenue. The citizens feel that it is an "eyesore" to the residents. Another citizen was inquiring about Donna Blake Park that the park needs updates and repairs. Ms. Buono explained that the City is updating this park.

New North Citizens' Council would like to see more HOPWA funding. He mentioned that the additional funding could be used to keep the virus isolated so it doesn't spread. This could be done by running a stipend program for youth during the summer. Ms. Buono suggested that NNCC should fill out an RFP for Public Service for this program. NNCC could certainly run this type of program.

Questions were asked about the Receivership Program. The City does not run this program. The program is run through the Housing Court.

The Action Plan will be sent to HUD May 15, 2017 for a 45 day review. Questions on the Action Plan will be accepted during the thirty day comment period. The Action Plan will be available for DRAFT and public comments beginning April 3, 2017 with any comments received by May 2, 2017. All comments to the plan will be included in the plan to HUD.

Ms. Buono informed the citizens that ultimately the funding decisions will be the Mayor's.

The next public hearing will take place at Chestnut Accelerated School, January 24, 2017.

Dear Ms. Buono:

The Board of Directors has voted to urge continued funding for the CDBG historic preservation grant. Over the years, this small program has helped rehabilitate vacant, blighted houses in several historic districts. The program has help save buildings which would have been lost otherwise.

Thank you for your consideration.

Donald Courtemanche,
President
Springfield Preservation Trust, Inc.

February 13, 2017

To: Cathy Buono, Community Development Block Grant Department

Dear Ms. Buono:

The Commission has voted to ask for funding in FY18 of the small CDBG program which provides exterior rehabilitation assistance to vacant and deteriorated historic properties. This program has helped save houses in McKnight, Lower Maple, and Maple Hill Local Historic Districts. If these funds had not been available, these historic buildings would have been demolished, resulting in a loss to the character of the historic district and a decline in the city tax revenue as vacant lots in the city are rarely built upon. These funds have protected historic buildings and the municipal tax base.

The Commission hopes that the program can be funded in the coming fiscal year with \$150,000. The Commission also again asks that the program be broadened to allow assistance to be given to vacant and deteriorated historic properties in receivership.

Thank you for your consideration.

Vincent Walsh
Chair

Re: 2017 CDBG Annual Action Plan Comments

Dear Ms. Buono:

The Commission was troubled to see that funding for the small program which provides exterior rehabilitation assistance to vacant and deteriorated historic properties is not being funded in the draft version of the CDBG Action Plan. Promoting Historic Preservation is listed in the Action Plan as an objective but funding has not been provided to support this objective.

The small program that provided rehabilitation assistance has helped save houses in McKnight, Lower Maple, and Maple Hill Local Historic Districts. If these funds had not been available, these historic buildings would have been demolished, resulting in a loss to the character of the historic district and a decline in the city tax revenue as vacant lots in the city are rarely built upon. These funds have protected historic buildings and the municipal tax base.

The Commission urges you to fund this program in the coming fiscal year with \$150,000. The Commission also again asks that the program be broadened to allow assistance to be given to vacant and deteriorated historic properties in receivership.

Thank you for your consideration.

Vincent Walsh
Chair

Cathy Buono
Community Development Block Grant Department
Springfield City Hall
1600 East Columbus Ave.
Springfield MA 01103

Dear Cathy:

The Armoury Quadrangle Civic Association received a request that we support the funding of the CDBG Historic Preservation Program for the coming fiscal year.

At that time I had just been elected as President and the previous president had expected letters to be written for specific projects, or so I was told by another board member at that time. Yesterday, April 30, 2017, I happened to meet Bob McCarroll at an event I attended near Matton Street and he explained the significance of our letter of support. When we were told at our March meeting of our board of directors it was too late to send the letter now we voted to annually send such a letter in the future. It is very important to this civic association that the historic properties in our area be maintained at least so the view from the sidewalk is enjoyable to all, residents and visitors alike.

We understand that his small program has helped with exterior repairs to vacant, deteriorated tax-foreclosed historic properties such as 32 Temple Street in our neighborhood.

Some suggested that perhaps the program could be slightly expanded so the vacant, deteriorated historic properties in receivership might also be aided. These properties are as problematic as tax-foreclosed properties.

So on May Day, I am writing this short note to tell you that the Armoury Quadrangle Civic Association has voted to support the funding of this CDBG Historic Preservation Program and we hope it can be funded this year as well in year in the future.

Thank you.

Charles (Charlie) Knight, current presiding officer of the
Armoury Quadrangle Civic Association

April 25, 2017

Cathy Buono
Community Development Block Grant Department
36 Court Street
Springfield MA 01103

Dear Ms. Buono:

The Springfield Preservation Trust Board of Directors has voted to write you regarding its disappointment that the CDBG historic preservation program is not proposed for funding in the coming year.

This small program has helped rehabilitate vacant, blighted buildings in several historic districts. The program has helped save buildings which would have been lost otherwise.

Besides tax-foreclosed historic houses, the program could provide rehabilitation incentives to the other city-owned historic buildings such as the Indian Orchard Fire Station, the Knox Factory at 53 Wilbraham Road or the Chapman & Brooks Block at 135 Lyman Street.

The board urges that the program continue to receive its modest CDBG allocation in FY 17/18.

Thank you for your consideration.

Donald Courtemanche,
President
Springfield Preservation Trust, Inc.

**NOTICE OF PUBLIC HEARING
PROPOSED SUBSTANTIAL AMENDMENT**

CITY OF SPRINGFIELD'S

Annual Action Plan 2017-2018

The City of Springfield, through the Office of Community Development, has prepared its Annual Action Plan for the program year July 1, 2017-June 30, 2018. The Plan outlines the strategy and planned expenditures of the Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), HOME Investment Partnership Program (HOME) and Housing Opportunities for Persons with AIDS (HOPWA) formula grant programs received by the Department of Housing and Urban Development (HUD).

A public hearing will be held to receive citizen comment on the Substantial Amendment of the Annual Action Plan 2017-2018 to decrease CDBG funding for Activity #42 Clearance & Demolition with Program Delivery and increase CDBG funding for Activity #48 Park Reconstruction to include upgrades and improvements to Ruth Elizabeth Park located in the Six Corners Neighborhood.

The DRAFT of the Substantial Amendment of the Annual Action Plan 2017-2018 will be available for a 30-day public review comment period from December 4, 2017 through January 2, 2018.

A hearing to obtain citizen comment on the DRAFT Substantial Amendment will be held on Tuesday, December 12, 2017 at 5:00 PM, City Hall, Room 220.

Copies of the DRAFT Substantial Amendment will be available for public review at the following places:

- Office of Community Development, 1600 East Columbus Avenue;
- Office of Housing, 1600 East Columbus Avenue, 1st Floor;
- Office of Planning & Economic Development; 70 Tapley Street;
- Office of Neighborhood Services; 70 Tapley Street;
- www.cityofspringfield.com

Interested parties are invited to submit written comments. The deadline for comments is by 4:00 PM; January 2, 2018; comments can be directed to Cathy Buono, Office of Community Development, 1600 East Columbus Avenue, Springfield, MA 01103 or to cbuono@springfieldcityhall.com.

Please contact the Office of Community Development at 787-6050 or TTY 787-6641 for additional information.

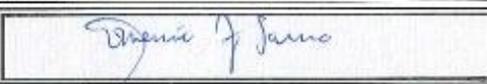

The City of Springfield is an EEO.

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

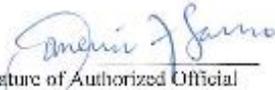

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 135.

Title

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 590.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2015, 2016, 2017 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, I, K and R.

Compliance with Laws -- It will comply with applicable laws.

Date

Title

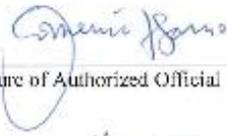

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If it plans to provide tenant-based rental assistance, the tenant-based rental assistance is an essential element of its consolidated plan.

Eligible Activities and Costs -- It is using and will use HOME funds for eligible activities and costs, as described in 24 CFR §§92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in §92.214.

Subsidy layering -- Before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

Title

Emergency Solutions Grants Certifications

The Emergency Solutions Grants Program recipient certifies that:

Major rehabilitation/conversion/renovation – If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation.

If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion.

In all other cases where ESG funds are used for renovation, the recipient will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the recipient will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long as the recipient serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The recipient will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal, State, local, and private assistance available for these individuals.

Matching Funds – The recipient will obtain matching amounts required under 24 CFR 576.201.

Confidentiality – The recipient has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

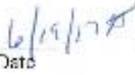

Homeless Persons Involvement – To the maximum extent practicable, the recipient will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

Consolidated Plan – All activities the recipient undertakes with assistance under ESG are consistent with its consolidated plan.

Discharge Policy – The recipient will establish and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.

Title

Housing Opportunities for Persons With AIDS Certifications

The HOPWA grantee certifies that:

Activities -- Activities funded under the program will meet urgent needs that are not being met by available public and private sources.

Building -- Any building or structure assisted under that program shall be operated for the purpose specified in the consolidated plan:

1. For a period of not less than 10 years in the case of assistance involving new construction, substantial rehabilitation, or acquisition of a facility,
2. For a period of not less than 3 years in the case of assistance involving non-substantial rehabilitation or repair of a building or structure.

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING CERTIFICATION:

Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.
