The City of Springfield receives four different grants from the U.S. Department of Housing and Urban Development (HUD). The grants are the Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with HIV/AIDS (HOPWA). The basic goal of these grants are to provide decent housing create suitable living environments and expand economic opportunities for all residents in the community.

Due to the Major Disaster Declaration FEMA-4496-DR-MA for the COVID-19 Pandemic the Coronavirus Aid, Relief and Economic Security Act (CARES Act) (Public Law 116-136) has also made available supplemental funding, flexibilities, and waivers. HUD has allocated supplemental HOPWA, ESG, and CDBG funding in response to COVID-19. The supplemental awards are to prevent, prepare for, and respond to the coronavirus. The CARES Act also provides grantees with flexibilities for 2019 and 2020 Grant Amendments for coronavirus response. The flexibilities allowed for this funding are outlined in the Citizen Participation Procedures section of this document.

Every five years, the City prepares a five-year consolidated community development plan that outlines Springfield program funding priorities for CDBG, HOME, ESG and HOPWA. On a yearly basis, the department reevaluates the five-year plan, makes modifications as needed, and develops a one-year action plan to address specific priorities identified in the community development plan. At the completion of the fiscal year, Springfield outlines its accomplishments from the prior year in an annual performance report.

As part of the Consolidated Plan Process, the City of Springfield is responsible for Affirmatively Furthering Fair Housing and completing an Analysis of Impediments to Fair Housing (AI). The AI will outline strategies the City will take to overcome historic patterns of segregation, combat housing discrimination and foster inclusive communities.

Pursuant to the citizen participation requirements of 24 CFR Section 91.105, the City of Springfield's Development Services Division sets forth the following Citizen Participation Plan as it relates to the consolidated planning process for housing and community development programs funded by the Department of Housing and Urban Development (HUD). The Citizen Participation Plan presents the City's plan for providing and encouraging all citizens, particularly low- and moderate- income citizens, to participate in the development and adoption of five components of the consolidated planning process:

- 1.) The Citizen Participation Plan
- 2.) The Five-Year Consolidated Plan
- 3.) The Analysis of Impediments to Fair Housing
- 4.) The Annual Action Plan
- 5.) The Consolidated Annual Performance and Evaluation Report (CAPER)

The approved Citizen Participation Plan will be kept on file by the OCD, and online at: <http://www3.springfield-ma.gov/planning/index.php?id=deptcd>. The plan shall be effective until it is amended or otherwise replaced.

## Statement of Citizen Participation Policy

Understanding the importance of citizen input, it is the City of Springfield's goal to encourage citizen participation in the development of its five-year Consolidated Plan and Annual Action Plans, particularly from those citizens most affected by Community Development Programs. This Citizen Participation Plan establishes the policies and procedures that the City of Springfield will follow to ensure that participation is as inclusive as possible.

The City of Springfield intends that its Community Development Program have the support of the largest possible number of people in the community. Emphasis is placed on opportunities for participation by low/moderate income persons and the organizations and agencies that serve low/moderate income persons through the Community Development Block Grant Program (CDBG), HOME Investment Partnership Program (HOME), Emergency Solutions Grants (ESG) and Housing Opportunities for Persons with AIDS (HOPWA).

The City will implement the Plan that is designed to encourage citizens to participate in the development of the Consolidated Plan, Annual Action Plan, Performance Report (CAPER), and all substantial amendments. As described within this section, the City will encourage the input of low- and moderate-income residents by (1) outreach to the public through mailings, (2) conducting a series of public hearings at various stages of the planning process, (3) creating a system to accept and respond to written comments from the citizens.

The City encourages participation by low and moderate-income persons, particularly those living in slum and blight areas and in areas where CPD funds are proposed to be used, and by residents of predominantly low and moderate-income neighborhoods. The City will also take appropriate actions to encourage the participation of all its citizens, including minorities and non-English speaking persons, as well as persons with disabilities.

HUD defines low and moderate-income persons or households as those whose gross annual income is less than 80% of the area median income. HUD publishes those income limits annually. For the current annual income limits, citizens may contact OCD.

The plan will encourage comment and participation by minority and non-English speakers, and, when feasible, translation services will be available upon request by contacting the OCD, [cbuono@springfieldcityhall.com](mailto:cbuono@springfieldcityhall.com). The Citizen Participation Plan shall be provided in a format accessible to persons with disabilities upon request. Such formats may include, but are not limited to providing oral, Braille, electronic or large print versions of the plan to those visually impaired and delivering copies to those who are homebound.

The City encourages the participation of local and regional institutions, the Continuum of Care and other organizations (including businesses, developers, nonprofit organizations, philanthropic organizations, and community-based and faith-based organizations) in the process of developing, amending, and implementing the Consolidated Plan. The City encourages, in consultation and cooperation with public housing agencies, the participation of residents of any public and assisted housing developments located within the City, in the process of developing and implementing the Consolidated Plan, along with other low-income residents of targeted Neighborhood Revitalization Strategy Areas (NRSAs) in which the developments are located.

During the RFP process, technical assistance is not provided; however, the subrecipient can put any questions regarding the RFP in writing and they will be answered and put on the website. The OCD will not provide any information that will give one applicant an advantage over another.

## Criteria for an Amendment

The City shall amend its approved Consolidated Plan whenever it makes one of the following decisions:

- To make a change in its allocation priorities or a change in the method of distribution of funds;
- To carry out an activity, using funds from any program covered by the Consolidated Plan (including program income), not previously described in the Annual Action Plan; or
- To change the purpose, scope, location, or beneficiaries of an activity

Once the final Consolidated Plan has been submitted by the City of Springfield for HUD's approval, significant changes, or "Substantial Amendments" to the accepted Plan will require citizen notification and comment.

## Definition of Substantial Amendment

The criteria defining a Substantial Amendment will include:

- Activities, which will require new goals/objectives for the current fiscal year;
- An activity that will require a funding change that exceeds 50% of the approved allocation for that activity.

If any one of these actions occurs within the fiscal year of the Approved Plan, Community Development officials will seek public comment for the proposed change. A notice published in English and Spanish will be placed in the local newspaper summarizing the significant change. The City of Springfield will make available at the aforementioned locations information describing the details of the change to the Consolidated Plan or Current Action Plan. Public input will be solicited for a period of 30-days and reviewed at the conclusion of that time. The proposed change accompanied by a summary of the public comments and any comments not accepted and the reasons therefore will be attached to the Substantial Amendment and submitted to HUD as described below.

All other changes to the Consolidated Plan documents that do not meet the criteria for a Substantial Amendment defined above will be reviewed and approved by City staff and will not be subject to public comments. These changes will be fully documented and must be signed by the official representative of the jurisdiction authorized to take such action.

The City may submit a copy of each non-substantial amendment to HUD as it occurs, or at the end of the program year. The official representative of the jurisdiction authorized to take such action must sign letters transmitting copies of amendments.

## Anti-Displacement Plan

The City is sensitive to displacement and the effects resulting therefrom. Therefore, prior to commencement of a project funded through the City that either potentially, or most certainly, displaces a person or persons, top City officials will consider the overall public benefit(s) of the project and discuss potential alternatives to determine whether the project should move forward. Authorization will be given only when there is significant public benefit that outweighs the displacement. In the event that displacement will occur, the City will provide the necessary assistance to affected persons to minimize the trauma of displacement. Assistance would include moving expenses, rental assistance, assistance with identifying other housing, etc. The actual type and level of assistance will be made on a case-by-case basis, but will be sufficient to ease the transition for the displaced persons. All assistance shall comply with applicable sections of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (URA).

## Complaints

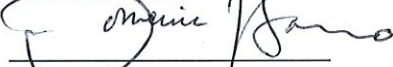

A complaint regarding the Consolidated Planning process, Consolidated Plan amendments, and applicable programs must be submitted in writing. A written response will be made to written complaints within 15 working days, acknowledging the letter and identifying a plan of action, if necessary.

The City will accept written complaints provided they specify:

- The description of the objection, and supporting facts and data; and
- Provide name, address, telephone number of the person submitting the complaint, and a date of complaint.

All written complaints shall be submitted to [cbuono@springfieldcityhall.com](mailto:cbuono@springfieldcityhall.com)
